

Quick. Easy. Secure.

3 reasons to use *Interac* e-Transfer^{®**} for business.

Interac e-Transfer^{®**} for business is a cost-efficient, secure and paperless way to send payments within Canada.

1 Quick

Payment is sent within minutes. Recipients can deposit the money immediately after being notified through their financial institution's online banking service¹.

2 Easy

All you need is the recipient's name and email address. No need to share financial information.

3 Secure

Money is transferred within the security of BMO Online Banking or BMO[®] Online Banking for Business. The security question you create with the recipient ensures that he or she is the only one who can access the money.

Did you know?

39% of businesses in Canada used *Interac* e-Transfer to either send or receive a payment in 2015.²

Who is it for?

Interac e-Transfer is ideal for non-frequent payments, such as:

- Payroll for temporary staff
- Insurance claim payouts
- Company rebates
- Emergency fund disbursements

How can it help your business?

When used in place of traditional payment methods, *Interac* e-Transfer can help boost your business' bottom line by:

- Simplifying payment management
- Reducing time for payment reconciliation
- Improving working capital and cash forecasting
- Incurring fewer losses due to administration errors and fraud
