Card Payment Processing Made Simple

You're in Good Company with Moneris

Owned by two of Canada's largest banks, Moneris Solutions is one of North America's leading processors of debit and credit card payments. Each year, Moneris processes more than 3 billion card transactions for over 350,000 businesses just like yours.

Easy Payment Solutions for All Businesses

No matter what size or kind of business you run – flower shop, restaurant, spa or dental office – Moneris has the perfect solution to simplify your card payment processing so you can focus on building your business.

Making your business a success is your priority.
Making it easier is ours!

One Device for All Cards

Moneris point-of-sale (POS) devices can conveniently process all types of cards – Visa, MasterCard, American Express, debit, gift and loyalty. This makes it easy to improve the overall efficiency of your payment processing, saving you valuable time.

Latest Innovative Technologies

Moneris is dedicated to investing in the latest innovative technologies – from new products to current product enhancements – to provide you with superior card payment processing solutions. For example, Moneris was one of the first to acquire chip technology and to become certified by Visa, MasterCard and Interac Association to deliver its enhanced security features to Canadians.
