FORWARD-LOOKING STATEMENTS

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

Bank of Montreal's public communications often include written or oral forward-looking statements. Statements of this type are included in this presentation, and may be included in filings with Canadian securities regulators or the U.S. Securities and Exchange Commission, or in other communications. All such statements are made pursuant to the 'safe harbor' provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may involve, but are not limited to, comments with respect to our objectives for 2005 and beyond, our strategies or future actions, our targets, expectations for our financial condition or share price, and the results of or outlook for our operations or for the Canadian and U.S. economies.

By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. We caution readers of this document not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward-looking statements.

The future outcomes that relate to forward-looking statements may be influenced by many factors, including but not limited to: global capital market activities; interest rate and currency value fluctuations; the effects of war or terrorist activities; the effects of disease or illness that impact on local, national or international economies; the effects of disruptions to public infrastructure, such as transportation, communications, power or water supply disruptions; industry and worldwide economic and political conditions; regulatory and statutory developments; the effects of competition in the geographic and business areas in which we operate; management actions; and technological changes. We caution that the foregoing list of factors is not exhaustive and that when relying on forward-looking statements to make decisions with respect to Bank of Montreal, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. Bank of Montreal does not undertake to update any forward-looking statement, whether written or oral, that may be made, from time to time, by the organization or on its behalf.

OTHER REPORTING MATTERS

CAUTION REGARDING NON-GAAP MEASURES

Bank of Montreal uses both GAAP and non-GAAP measures to assess performance. Securities regulators require that companies caution readers that earnings and other measures adjusted to a basis other than GAAP do not have standardized meanings under GAAP and are unlikely to be comparable to similar measures used by other companies.

Reconciliations of GAAP to non-GAAP measures as well as the rationale for their use can be found in Bank of Montreal's quarterly Press Release, MD&A and in its Annual Report to Shareholders.

Non-GAAP results or measures include revenue, taxes and productivity results and measures that use Taxable Equivalent Basis (teb) amounts, cash-based profitability and productivity measures, Net Economic Profit and results and measures that exclude significant items.

GAAP METHODOLOGY

Unless otherwise indicated, all GAAP measures are reported in accordance with Canadian GAAP. A reconciliation of Canadian GAAP to U.S. GAAP can be found in Bank of Montreal's quarterly Financial Statements and Supplementary Package and in its Annual Report to Shareholders.
