It's good to have
you with us.

At BMO, our objective is to help you achieve real financial progress each day – starting with a smooth transition to your new BMO deposit accounts.

This guide has been created to ensure you have important dates and key details about your deposit account transition. In these pages you will find a transition calendar and valuable information about updates to your day-to-day banking services at BMO. You also will find an overview of available checking and savings account alternatives at BMO as well as information about digital banking services that can help you manage your finances. Please review this information carefully so you know what to expect and can take any actions necessary.

We appreciate having you as a BMO customer.

Service Updates

To help ensure a smooth transition of day-to-day banking services, please review the following information carefully so you know what to expect.

Deposit Account Numbers

Account numbers for your deposit accounts will not change unless you are notified otherwise.

Routing Number

The routing number for BMO bank accounts is **071025661**. Please use this number starting September 5, 2023, to establish new direct deposits or automated debits from your BMO account.

This is also the number you should use if you order checks for your checking or money market account.

Debit and ATM Cards

Continue to use your current Bank of the West-branded debit or ATM card until you receive a new BMO-branded debit or ATM card.

A new BMO-branded debit card or ATM card will be mailed to you by June 2024 to replace your current card. We will let you know when your new card is on the way.

If you have a new debit or ATM card or need to set or reset your PIN, to avoid delays and ensure ability to use your card over the weekend, please activate your card and set or reset your PIN by August 29.

Debit Card Action Item

If you would like to set up controls and alerts, and/or lock your debit card, you will need to log in to the BMO Digital Banking app on or after September 5 and turn on these features.

On the BMO Digital Banking app:

- Select “Manage debit/ATM cards”
- Choose “Set up controls and alerts,” and select the controls and alerts that you want to set from each tab
- To lock your card, slide the “Card On/Off” switch to the left so that the switch appears gray

Checks

For your checking and money market accounts, you can continue using your Bank of the West checks until they run out, unless you are notified that your account number is changing.

If your account number is changing, we will send you new checks with your new account number. They should arrive shortly before or after September 5, 2023. Start using your new checks on September 5, and please destroy all unused checks with your old account number.

You may reorder checks through BMO Digital Banking beginning September 5, 2023. After you log in, select “Service Request” and then “Reorder Checks.”

Direct Deposits and Automatic Payments

Direct deposits into your account(s) and automatic outgoing payments and transfers from your account(s) will continue without interruption unless otherwise notified.

Deposit Statements

You will receive a final summary of deposit account activity from Bank of the West that lists transactions from the date of your prior statement through September 1, 2023.

Statement periods will remain approximately the same as they are today.

If you receive paperless statements, you will continue to receive paperless statements when your accounts transition to BMO.

Paper statement fees can be avoided by taking advantage of paperless statements. If you have not already enrolled in paperless statements, you can do so through BMO Digital Banking on or after September 5, 2023.

Paperless Statements Action Item

To enroll in paperless statements through BMO Digital Banking:

- Select “Statements” from the “More” menu
- Choose “going paperless”
- Select the accounts for which you want to receive paperless statements and read and agree to the terms of the E-Sign Agreement for Digital Statements

TIPS

Visit our Security Center on [bmo.com](https://www.bmo.com) for tools and tips to help keep your account protected.

Go Paperless!

At BMO, paperless statements help you save on fees. If you haven't done so already, now is the perfect time to enroll.

Online and Mobile Banking

Access to your Bank of the West deposit accounts through Bank of the West Online and Mobile Banking will end on Friday, September 1, 2023, at 6:30 p.m. PT/8:30 p.m. CT.

On or after September 5, be sure to:

- Download the BMO Digital Banking app
