BMO Business Service Fee Schedule

This BMO Business Service Fee Schedule and the Deposit Account Agreement for Personal and Business Accounts ("Agreement") are part of the Deposit Account Agreement that governs your Account and you should read them. Capitalized terms not defined in this disclosure are defined in the Glossary of the Agreement.

Account opening and usage		
Minimum deposit needed to open Account	Varies	The minimum deposit to open this CD is based on the initial term of the CD you selected and was made available to you before you submitted your application.
Pays interest	Yes ¹	For standard CDs and CD Specials, we provide our interest rates and Annual Percentage Yields (APYs) on our web page and we made them available to you before you submitted your application. For standard CDs and CD Specials, you will be paid this rate until the maturity date of your CD. For Bump Rate CDs, you will be paid this rate until the maturity date of your CD unless you elect to change the interest rate according to the Transaction Limitations below. The APY assumes interest and principal remains on deposit until maturity. A withdrawal will reduce earnings. For all CDs with maturities less than one year, interest for your Account will be compounded daily and will be credited to your CD at maturity. For all CDs with maturities one year or greater, interest for your Account will be compounded daily and will be credited to your CD quarterly.
Transaction Limitations – all CDs	Each CD is treated as a separate Account with its own interest rate and maturity. You cannot make additional deposits into or withdrawals from the Account until the CD matures. During the 10 calendar day grace period after maturity, additional funds may be added and withdrawals may be made. For CDs opened online, funds may not be withdrawn for 15 calendar days after funding.	
Transaction Limitations – Bump Rate CDs (No Longer for Sale)	You may elect to change the interest rate and APY one time during the term of this CD to the standard CD rate (Special Promotional CD rates may not be used) in effect for the then remaining term of this CD. You may not change the interest rate in the first 12 months of the CD or after the CD renews to a standard CD.	

¹ We use the Daily Balance Method to calculate the interest on this Account. This method applies a Daily Rate to the Collected Balance in this Account each day. For all deposits (except for Zelle® deposits received after 5:00 p.m. Central Time), interest begins to accrue on the Business Day we receive the deposit in accordance with the Funds Availability Policy for Deposit Accounts in Section 8 of the Agreement. For Zelle® deposits received after 5:00 p.m. Central Time, interest begins to accrue on the next Business Day. We reserve the right not to pay interest on any deposited Item that is returned to us as unpaid.

Maturity, renewal, closing and withdrawal methods, and grace period

Automatic renewal – Standard CDs	At the maturity date, a standard CD will automatically renew to a standard CD of equal term at the then current interest rate and APY for that term and current balance as shown on the then current rate sheet. If the CD is renewed at maturity to a new CD with less than \$1,000, it will be paid a rate of 0.010% with a 0.01% APY.

If the CD is renewed at maturity to a new CD with less than \$1,000, it will be paid a rate of 0.010% with a 0.01% APY.
CD closing and withdrawal methods	CDs may only be closed or funds withdrawn by contacting a branch or our Customer Contact Center at 1-800-546-6101. CD funds may be transferred to another BMO deposit account or a check mailed to the address listed on the CD Account.
Grace period	You will have a grace period of 10 calendar days after the maturity date to withdraw funds without being charged an early withdrawal penalty. If you close your CD during the grace period, it will not earn interest after the maturity date. We will send you a pre-maturity reminder and a confirmation of the renewal.

Early withdrawal penalty

When you make a deposit to any one of our CD products, you agree to keep the funds on deposit until the maturity date. The day after the maturity date is the first day you can change the term or make a withdrawal without paying an early withdrawal penalty. We reserve the right to permit withdrawals of principal only upon maturity. If we permit you to make an early withdrawal of principal before maturity, you will pay an early withdrawal penalty. The penalty is calculated using the interest rate applicable to the CD at the time of early withdrawal. If the amount of the penalty exceeds the amount of your accrued and unpaid interest, then a reduction of principal would be required in order to pay the penalty.

Early withdrawal penalty	CD Term	Interest Penalty
	1 month (7–59 days)	You will be charged all interest earned
	2 months–11 months (60 days–up to and including 364 days)	You will be charged 90 days interest
	12–23 months	You will be charged 180 days interest
	24–35 months	You will be charged 270 days interest
	36–47 months	You will be charged 365 days interest
	48 months or longer	You will be charged 545 days interest
Penalty waivers	The penalty will be waived in the following circumstances: • Any Account Owner of the CD passes away. • Any Account Owner of the CD is judicially declared legally incompetent. • Any Account Owner of the CD has separate CDs with an FDIC-insured bank and that bank merges with BMO, and within one year of the merger the Account Owner withdraws the amount of the combined CD balances that exceed FDIC deposit insurance coverage. However, please note that the FDIC may only insure CDs separately for six months after the date of the merger and any amount OF YOUR COMBINED DEPOSIT BALANCES in excess of the FDIC deposit insurance coverage will not be insured after such date. Additional information regarding FDIC deposit insurance coverage can be found at FDIC.gov. • The CD has a feature where it will automatically renew at maturity and the withdrawal is made during the 10 calendar day grace period after the maturity date of the CD.
