Caution Regarding Forward-Looking Statements

Bank of Montreal's public communications often include written or oral forward-looking statements. Statements of this type are included in this document, and may be included in other filings with Canadian securities regulators or the U.S. Securities and Exchange Commission, or in other communications. All such statements are made pursuant to the "safe harbor" provisions of, and are intended to be forward-looking statements under, the United States Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation. Forward-looking statements in this document may include, but are not limited to, statements with respect to our objectives and priorities for fiscal 2026 and beyond, our strategies or future actions, our targets and commitments (including with respect to net zero emissions), expectations for our financial condition, capital position, the regulatory environment in which we operate, the results of, or outlook for, our operations or the Canadian, U.S. and international economies, and include statements made by our management. Forward-looking statements are typically identified by words such as "will", "would", "should", "believe", "expect", "anticipate", "project", "intend", "estimate", "plan", "goal", "commit", "target", "may", "might", "schedule", "forecast", "outlook", "timeline", "suggest", "seek" and "could" or negative or grammatical variations thereof.

By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties, both general and specific in nature. There is significant risk that predictions, forecasts, conclusions or projections will not prove to be accurate, that our assumptions may not be correct, and that actual results may differ materially from such predictions, forecasts, conclusions or projections. We caution readers of this document not to place undue reliance on our forward-looking statements, as a number of factors – many of which are beyond our control and the effects of which can be difficult to predict – could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward-looking statements.

The future outcomes that relate to forward-looking statements may be influenced by many factors, including, but not limited to: general economic and market conditions in the countries in which we operate, including labour challenges and changes in foreign exchange and interest rates; political conditions, including changes relating to, or affecting, economic or trade matters, including tariffs, countermeasures and tariff mitigation policies; changes to our credit ratings; cyber and information security, including the threat of data breaches, hacking, identity theft and corporate espionage, as well as the possibility of denial of service resulting from efforts targeted at causing system failure and service disruption; technology resilience, innovation and competition; failure of third parties to comply with their obligations to us; disruptions of global supply chains; environmental and social risk, including climate change; the Canadian housing market and consumer leverage; inflationary pressures; changes in laws, including tax legislation and interpretation, or in supervisory expectations or requirements, including capital, interest rate and liquidity requirements and guidance, including if the bank were designated a global systemically important bank, and the effect of such changes on funding costs and capital requirements; changes in monetary, fiscal or economic policy; weak, volatile or illiquid capital or credit markets; the level of competition in the geographic and business areas in which we operate; exposure to, and the resolution of, significant litigation or regulatory matters, our ability to successfully appeal adverse outcomes of such matters and the timing, determination and recovery of amounts related to such matters; the accuracy and completeness of the information we obtain with respect to our customers and counterparties; our ability to successfully execute our strategic plans, complete acquisitions or dispositions and integrate acquisitions, including obtaining regulatory approvals, and realize any anticipated benefits from such plans and transactions; critical accounting estimates and judgments, and the effects of changes in accounting standards, rules and interpretations on these estimates; operational and infrastructure risks, including with respect to reliance on third parties; global capital markets activities; the emergence or continuation of widespread health emergencies or pandemics, and their impact on local, national or international economies, as well as their heightening of certain risks that may affect our future results; the possible effects on our business of war or terrorist activities; natural disasters, such as earthquakes or flooding, and disruptions to public infrastructure, such as transportation, communications, power or water supply; and our ability to anticipate and effectively manage risks arising from all of the foregoing factors.

We caution that the foregoing list is not exhaustive of all possible factors. Other factors and risks could adversely affect our results. For further information, please refer to the discussion in the Risks That May Affect Future Results section, and the sections related to credit and counterparty, market, liquidity and funding, operational non-financial, legal and regulatory compliance, strategic, environmental and social, and reputation risk in the Enterprise-Wide Risk Management section of the 2025 MD&A, as may be updated by quarterly reports, all of which outline certain key factors and risks that may affect our future results. Investors and others should carefully consider these factors and risks, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. We do not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by the organization or on its behalf, except as required by law. The forward-looking information contained or incorporated by reference in this document is presented for the purpose of assisting shareholders and analysts in understanding our financial position as at and for the periods ended on the dates presented, as well as our strategic priorities and objectives, and may not be appropriate for other purposes.

Material economic assumptions underlying the forward-looking statements contained or incorporated by reference in this document include those set out in the Economic Developments and Outlook section of the 2025 MD&A as well as in the Allowance for Credit Losses section of the 2025 MD&A, each as may be updated by quarterly reports. Assumptions about the performance of the Canadian and U.S. economies, as well as overall market conditions and their combined effect on our business, are material factors we consider when determining our strategic priorities, objectives and expectations for our business. In determining our expectations for economic growth, we primarily consider historical economic data, past relationships between economic and financial variables, changes in government policies, and the risks to the domestic and global economy.

CORPORATE STRUCTURE

Bank of Montreal started business in Montreal in 1817 and was incorporated in 1821 by an Act of Lower Canada as the first Canadian chartered bank. Since 1871, the Bank has been a chartered bank under the *Bank Act* (Canada) (the Bank Act) and is named in Schedule I of the Bank Act. The Bank Act is the charter of the Bank and governs its operations.

The Bank's head office is 129 rue Saint Jacques, Montreal, Québec, H2Y 1L6. Its executive offices are 100 King Street West, 1 First Canadian Place, Toronto, Ontario, M5X 1A1.

Bank of Montreal brands the organization's member companies as BMO Financial Group. Note 26 of the 2025 Financial Statements lists the intercorporate relationships among Bank of Montreal and its significant subsidiaries. The Bank incorporates this Note herein by reference. These subsidiaries are incorporated or organized under the laws of the state or country of their principal office, except for: BMO Financial Corp. and BMO Capital Markets Corp., which are incorporated under the laws of the state of Delaware, United States.

GENERAL DEVELOPMENT OF THE BUSINESS

DESCRIPTION OF THE BUSINESS

Business

BMO Financial Group is a highly diversified financial services provider based in North America, providing a broad range of personal and commercial banking, wealth management, global markets and investment banking products and services directly and through Canadian and non-Canadian subsidiaries, offices, and branches. As at October 31, 2025, BMO had more than 53,000 full-time equivalent employees. The Bank serves its clients through more than 1,800 bank branches, BMO automated banking machines, as well as online and mobile digital banking platforms. It operates in Canada, the United States and select markets globally. BMO Financial Corp. (BFC) is headquartered in Chicago and wholly-owned by Bank of Montreal. BFC operates primarily through its subsidiary BMO Bank N.A. (BBNA), which provides banking, financing, investing, and cash management services in the United States. BMO provides a range of investment dealer services through entities, including BMO Nesbitt Burns Inc., a major fully integrated Canadian investment dealer, and BMO Capital Markets Corp., Bank of Montreal's wholly-owned registered broker dealer in the United States.

BMO conducts business through four operating segments: Canadian Personal and Commercial Banking; U.S. Banking; Wealth Management; and Capital Markets; supported by Corporate Services, including Technology and Operations.

For additional information regarding BMO's businesses, see pages 18 and 34 to 51 of the 2025 MD&A and Note 25 of the 2025 Financial Statements. The Bank incorporates these pages and Note herein by reference.

This Business section contains forward-looking statements. Please see the Caution Regarding Forward-Looking Statements on page 2.

Supervision and Regulation in Canada

Bank of Montreal's activities in Canada are governed by the Bank Act.

Under the Bank Act, a bank can operate its regular banking business as well as some additional activities, such as dealing with real property and various financial technology and information services. A bank is restricted when it undertakes certain activities, including fiduciary activities, dealing in securities, insurance activities, and personal property leasing. For example, other than for authorized types of insurance, a bank may not offer insurance products through its branch system or bank website.

The Bank Act grants a bank broad power to invest in the securities of other corporations and entities, but limits substantial investments. Under the Bank Act, a bank generally has a substantial investment in a body corporate when (1) the bank and entities controlled by the bank beneficially own more than 10% of the voting shares of the body corporate or (2) the bank and entities controlled by the bank beneficially own shares representing more than 25% of the total shareholders' equity of the body corporate. A bank can have a substantial investment in entities that meet the substantial investment requirements as set out in Part IX of the Bank Act. In certain cases, the Minister of Finance or the Superintendent of Financial Institutions (Canada) (the Superintendent) must approve before a bank can make an investment.

The Superintendent is responsible to the Minister of Finance for administering the Bank Act. The Superintendent provides guidelines for disclosing a bank's financial information. The Superintendent must also examine each bank annually to ensure compliance with the Bank Act and that each bank is in sound financial condition and has adequate policies and procedures to protect itself against threats to its integrity or security. The Superintendent's examination report is submitted to the Minister of Finance.

The Bank's Canadian trust, loan and insurance subsidiaries are federally regulated financial institutions governed by the *Trust and Loan Companies Act* (Canada) and the *Insurance Companies Act* (Canada), respectively, and under provincial laws in respect of their activities in the provinces. The Bank and its Canadian trust, loan and insurance subsidiaries are also subject to regulation by the Financial Consumer Agency of Canada (the FCAC). The FCAC enforces consumer-related provisions of the federal statutes which govern these financial institutions. Certain activities of the Bank and its subsidiaries acting as securities brokers, dealers, underwriters, advisors and investment fund managers are regulated in Canada under provincial securities legislation and, in some cases, by a national self-regulatory organization (the Canadian Investment Regulatory Organization).

Under Canadian bank resolution powers, the Canada Deposit Insurance Corporation (CDIC) may, in circumstances where the Bank has ceased, or is about to cease, to be viable, assume temporary control or ownership of the Bank and may be granted broad powers by one or more orders of the Governor in Council (Canada), including the power to sell or dispose of all or a part of the assets of the Bank, and the power to carry out or cause the Bank to carry out a transaction or a series of transactions the purpose of which is to restructure the business of the Bank. As part of the Canadian bank resolution powers, certain provisions of, and regulations under the Bank Act, the *Canada Deposit Insurance Corporation Act* (CDIC Act) and certain other Canadian federal statutes pertaining to banks (collectively, the "Bail-in Regime") provide for a bank recapitalization regime for banks designated by the Superintendent as domestic systemically important banks. Effective September 23, 2018, under the Bail-in Regime, subject to an order of the Governor in Council (Canada) having been issued, CDIC may, having assumed temporary control or ownership of the Bank, amongst other actions, carry out a conversion, by converting or causing the Bank to convert, in whole or in part – by means of a transaction or series of transactions and in one or more steps – the shares and liabilities of the Bank that are subject to the Bail-in Regime into common shares of the Bank or any of its affiliates. For a more detailed description of Canadian bank resolution powers and the consequent risk factors attaching to certain liabilities of the Bank, reference is made to https://www.bmo.com/ir/files/F18%20Files/Bail_In_TLAC_Disclosure.pdf. The information on the Bank's website does not form a part of this Annual Information Form.

Additional information about supervision and regulation in Canada is found under the headings "Regulatory Capital Requirements", "Regulatory Capital and Total Loss Absorbing Capacity Ratios", "Regulatory Capital and Total Loss Absorbing Capacity Elements" and "Regulatory Capital Developments" in the Enterprise-Wide Capital Management section on pages 59 to 61, "Regulatory Environment and Changes" in the Risks That May Affect Future Results section on page 69, and "Legal and Regulatory Compliance Risk" on pages 102 to 103 of the 2025 MD&A, which pages the Bank incorporates herein by reference.

Supervision and Regulation in the United States

In the United States, the operations of Bank of Montreal and its subsidiaries are supervised, regulated, and examined by regulatory and government agencies at the federal and state level. As a foreign bank, Bank of Montreal is subject to various U.S. laws and regulations, including the United States *International Banking Act of 1978*, the United States *Bank Holding Company Act of 1956*, and related regulations. The Board of Governors of the Federal Reserve System, including the Federal Reserve Banks (the Federal Reserve), and state banking regulators oversee Bank of Montreal's branches and agency operations in the United States. The U.S. Securities and Exchange Commission (the SEC), the Financial Industry Regulatory Authority, and state securities regulators regulate Bank of Montreal's broker-dealer subsidiaries. The SEC and state securities regulators regulate Bank of Montreal's registered investment advisor subsidiaries.

Bank of Montreal and its subsidiaries own two Federal Deposit Insurance Corporation (FDIC) insured depository institutions in the United States, BBNA and BMO Harris Central N.A. (BHC). BBNA provides banking, financing, investing, and cash management services across the United States. BHC provides limited

cash management services. They are both supervised and regulated by the Office of the Comptroller of the Currency (OCC). The Federal Reserve generally needs to approve acquiring (a) more than 5% of voting shares, (b) control, or (c) all (or substantially all) of the assets of a bank holding company, bank, or savings association.

The Bank is also subject to the *Dodd-Frank Wall Street Reform and Consumer Protection Act* (Dodd-Frank) and related regulations. Dodd-Frank provides for consumer protections, regulation of over-the-counter derivatives markets, restrictions on proprietary trading and the ownership and sponsorship of private investment funds by banks and their affiliates (referred to as the Volcker Rule), imposition of heightened prudential standards, and broader application of leverage and risk-based capital requirements.

Bank of Montreal is subject to the Federal Reserve's rule regarding the supervision and regulation of foreign banking organizations (FBO Rule), promulgated to implement Dodd-Frank's requirements for enhanced prudential standards for the U.S. operations of non-U.S. banks, such as BMO. The rule establishes requirements relating to an intermediate holding company structure, risk-based capital and leverage requirements, capital stress testing requirements, U.S. risk management and risk governance, liquidity risk management and liquidity stress testing frameworks.

BMO Financial Corp. (BFC) is a Category III institution under the Enhanced Prudential Standards issued by the Federal Reserve Board (FRB) and is required to meet certain regulatory standards related to capital, liquidity and risk management, including complying with FRB single counterparty credit limits. BFC is also subject to the Comprehensive Capital Analysis and Review and *Dodd-Frank Act Stress Test* requirements of the FRB on an annual basis.

OCC guidelines establish heightened standards for large national banks with average total consolidated assets of US\$50 billion or more, including BBNA. The guidelines set out minimum standards for the design and implementation of a bank's risk governance framework and minimum standards for oversight of that framework by a bank's board of directors. The framework must ensure the bank's risk profile is easily distinguished and separate from that of its parent for risk management purposes. A bank's board of directors is responsible for informed oversight of, and providing credible challenge to, management's risk management recommendations and decisions.

Additional information about supervision and regulation in the United States is found under the headings "Regulatory Capital Requirements", "Regulatory Capital Developments" and "Regulatory Capital and Total Loss Absorbing Capacity Review" in the Enterprise-Wide Capital Management section on pages 59 to 61, "Regulatory Environment and Changes" in the Risks That May Affect Future Results section on page 69, "Legal and Regulatory Compliance Risk" on pages 102 to 103, and "Other Regulatory Developments" on page 111 of the 2025 MD&A, which pages the Bank incorporates herein by reference.

This Supervision and Regulation in the United States section contains forward-looking statements. Please see the Caution Regarding Forward-Looking Statements on page 2.

International Supervision and Regulation

Outside Canada and the U.S., each of Bank of Montreal's branches, agencies and subsidiaries must comply with the regulatory requirements of the country or jurisdiction where it conducts business. These include the Basel Committee on Banking Supervision capital, liquidity and prudential rules (Basel III), or local variations on Basel III, which are intended to strengthen the banking sector's capital and liquidity frameworks. Since the first quarter of 2013, regulatory capital requirements for Bank of Montreal have been determined on a Basel III basis as advised by the Superintendent. Additional information about international supervision and regulation is found under the headings "Regulatory Capital Requirements", "Regulatory Capital and Total Loss Absorbing Capacity Ratios", "Regulatory Capital and Total Loss Absorbing Capacity Elements" and "Regulatory Capital Developments" in the Enterprise-Wide Capital Management section on pages 59 to 61, "Regulatory Environment and Changes" in the Risks That May Affect Future Results section on page 69, and "Legal and Regulatory Compliance Risk" on pages 102 to 103 of the 2025 MD&A, which pages the Bank incorporates herein by reference.

Competition

Canada's financial services industry is highly competitive. It includes domestic banks and foreign bank subsidiaries, branches, and lending branches, as well as trust companies, credit unions, online and full-service brokerages, investment dealers, insurance companies, mutual fund dealers, and large monoline financial institutions, as well as non-bank competitors, among others. Bank of Montreal competes with most of these companies in some form across its businesses. However, the Bank's range of services compares most directly to those of the other five major Canadian banks, and they are direct competitors in almost all the Bank's businesses and markets in Canada. Bank of Montreal is the third largest chartered bank in Canada and seventh largest in North America as measured by market capitalization, as at October 31, 2025.

The six major banks play a prominent role in the Canadian banking system, each maintaining an extensive branch network, augmented by automated banking machines, dedicated contact centres and digital and mobile banking platforms. The industry is considered mature with moderate growth. Although the major banks offer similar products and services, they compete on product offerings, pricing, service models, digital capabilities and client experience, with a goal of attracting and retaining clients, gaining a strategic advantage and growing market share and scale. The financial services industry continues to operate in a rapidly changing environment as the advancement of technological capabilities is shaping the future of everyday banking for individuals and businesses.

The financial services landscape in the United States is also highly competitive. As a top 10 full-service U.S. bank¹, BMO offers Personal, Commercial, Wealth Management and Capital Markets services and national digital platforms, competing with large U.S. banks, regional banks as well as community banks and non-bank financial service providers.

In Canadian Personal and Commercial Banking, BMO serves clients across Canada. Canadian Personal and Business Banking (Canadian P&BB) provides clients with a wide range of banking solutions, including deposits, lending, cash management, everyday financial and investment advice and other banking services, with a focus on providing clients with an exceptional experience and helping them make real financial progress. Canadian P&BB serves clients across Canada through integrated branch, contact centre and digital channels. Canadian Commercial Banking provides clients with a comprehensive range of commercial products and services, including a variety of financing options and treasury and payment solutions, as well as risk management products.

U.S. Banking includes U.S. Personal and Business Banking (P&BB), U.S. Commercial Banking and U.S. Private Wealth, and serves clients across the United States. U.S. P&BB provides clients with a wide range of products and services, including deposits, home lending, consumer credit, small business lending, credit cards and cash management, with a focus on providing exceptional client experience and helping clients make real financial progress. U.S. P&BB serves clients through an integrated network of branches, contact centres, digital banking platforms, with nationwide access to BMO and Allpoint® automated teller machines. U.S. Commercial Banking offers a range of commercial products and services, including a variety of financing options, treasury and payment solutions and risk management products. U.S. Private Wealth provides a suite of financial services and wealth management solutions to mass affluent, high net worth and ultra-high net worth individuals, families and business owners.

Wealth Management serves a range of clients across Canada, from individuals and families to business owners and institutions, and offers a wide spectrum of wealth, asset management and insurance products and services. BMO competes with domestic banks, insurance companies, trust companies, global private banks, investment counselling and advisory firms, and investment fund and asset management companies, among others. Private Wealth provides full-service investing, banking and wealth advisory services to mass affluent, high net worth and ultra-high net worth clients in Canada. BMO InvestorLine provides a range of digital

investing services that compete with online brokerages and digital advice providers in Canada. Global Asset Management provides investment management services in Canada to institutional, retail and high net worth investors, offering a range of innovative, client-focused solutions and strategies to help clients meet their investment objectives. BMO Insurance competes with Canadian insurance companies in providing individual life, critical illness, annuity products, segregated funds and pension de-risking solutions.

Capital Markets offers a range of products and services to corporate, institutional and government clients, including investment and corporate banking services, as well as global markets sales and trading solutions. It primarily focuses on the North American market and select global markets and competes with a diverse range of competitors, including large money centre banks and boutique investment firms. Investment and Corporate Banking offers debt and equity capital-raising services to clients, as well as loan origination and syndication, balance sheet management solutions and treasury management services. It also provides clients with strategic advice on mergers and acquisitions, restructurings and recapitalizations, trade finance and risk mitigation services, along with a wide range of banking and other operating services tailored to North American and international financial institutions. Global Markets offers research and access to financial markets for institutional, corporate and retail clients through an integrated suite of sales and trading solutions related to debt, foreign exchange, interest rates, credit, equities, securitization and commodities. New product development and origination services are also offered, as well as risk management and advisory services for hedging strategies, including in interest rates, foreign exchange rates and commodities prices. In addition, Global Markets provides funding and liquidity management services to clients.

¹ Top 10 U.S. Banks by assets as at October 31, 2025: JP Morgan, Bank of America, Citibank, Wells Fargo, U.S. Bank, PNC Bank, Truist Bank, The Toronto-Dominion Bank, Capital One, Bank of Montreal.

Sustainability and Climate Governance

The Bank publishes *Sustainability and Climate Reporting, including Public Accountability Statements*, outlining how the Bank is addressing environmental, social, and governance topics. Other related information is available on the Bank's website, www.bmo.com. The information on the Bank's website does not form a part of this Annual Information Form. Additional information about the Bank's environmental and social risk governance and management is under the heading "Environmental and Social Risk" in the Risks That May Affect Future Results section on pages 68 to 69 and "Environmental and Social Risk" in the Enterprise-Wide Risk Management section on pages 105 to 107 of the 2025 MD&A, which pages the Bank incorporates herein by reference.

Risk Factors

A description of certain key factors and risks faced by the Bank and its businesses can be found in the "Enterprise-Wide Risk Management" section on pages 67 to 107 of the 2025 MD&A, which pages the Bank incorporates herein by reference.

DIVIDENDS

You can find information about the Bank's dividends paid or payable per share on the common shares and each outstanding series of preferred shares in each of the three most recently completed years under the heading "Common Shares and NVCC Instruments" on pages 64 to 65 of the 2025 MD&A, which pages the Bank incorporates herein by reference. Information about restrictions on the payment of dividends appears under the heading "Share Redemption and Dividend Restrictions" in Note 16 of the 2025 Financial Statements, which Note is incorporated herein by reference.

The Bank cannot (a) declare dividends on its preferred or common shares if paying those dividends would contravene the capital adequacy, liquidity, or other regulations under the Bank Act; (b) pay common share dividends unless the Bank has paid all dividends declared and payable on its preferred shares or set aside sufficient funds to do so; and (c) in certain circumstances, pay Class B Preferred Share dividends unless the Bank pays dividends on the Class B Preferred Shares Series 49 (NVCC), Class B Preferred Shares Series 51 (NVCC), Class B Preferred Shares Series 53 (NVCC), Class B Preferred Shares Series 54 (NVCC) and Class B Preferred Shares Series 55 (NVCC) (each as defined below). In the event that interest due and payable on the Bank's Additional Tier 1 Capital Notes (as defined below) is not paid in full, the Bank will not declare dividends on its common shares or preferred shares or, subject to certain exceptions, redeem, purchase or otherwise retire such shares until the month commencing after such interest payments have been made in full. The Board of Directors determines the amount and payment of future dividends. The determination by the Board of Directors depends on the Bank's operations, financial condition, cash requirements, future regulatory restrictions on the payment of dividends, and other factors the Board of Directors finds relevant. You can find information about the Bank's dividends and dividend payout range on page 65 of the 2025 MD&A, which page the Bank incorporates herein by reference.

Currently, these limitations do not restrict the payment of dividends on common or preferred shares.

DESCRIPTION OF CAPITAL STRUCTURE

The following summarizes certain provisions of the Bank's common shares, preferred shares, Additional Tier 1 Capital Notes and Limited Recourse Capital Notes. This summary is qualified in its entirety by the Bank's by-laws and the actual terms and conditions of such securities. For more detail on the Bank's capital structure, see pages 61 to 65 of the 2025 MD&A and Notes 16 and 19 of the 2025 Financial Statements. The Bank incorporates those pages and Notes herein by reference.

Description of Common Shares

The authorized capital of the Bank includes an unlimited number of common shares without nominal or par value for unlimited consideration. The holders of common shares are entitled to:

- (i) Vote at all Bank shareholders' meetings, except for meetings where only holders of a specified class or series of shares are entitled to vote.
- (ii) Receive dividends as and when declared by the Board of Directors, subject to the preference of the Bank's holders of preferred shares.
- (iii) Receive the remaining property of the Bank if it is liquidated, dissolved, or wound up, only after paying the Bank's holders of preferred shares and paying all outstanding debt.

Description of Preferred Shares

The authorized capital of the Bank includes an unlimited number of Class A Preferred Shares and Class B Preferred Shares without nominal or par value, in series, for unlimited consideration. Class B Preferred Shares may be issued in a foreign currency. The following describes certain general terms and conditions of the preferred shares.

Certain Conditions of the Class A Preferred Shares as a Class

Issuable in Series

From time to time, the Board of Directors may resolve to issue Class A Preferred Shares in one or more series with rights, privileges, restrictions, and conditions, which the Board of Directors may also decide. As at December 3, 2025, there were no outstanding Class A Preferred Shares.

The Class A Preferred Shares of each series rank equally to all other series of Class A and Class B Preferred Shares and are entitled to preference over the common shares and over any other shares ranking junior to the Class A Preferred Shares and the Class B Preferred Shares with respect to the payment of dividends and in the distribution of property in the event of the liquidation, dissolution or winding up of the Bank.

Creating and Issuing Shares

Under the Bank Act, the Bank needs approval from the holders of Class A Preferred Shares to create any other class of shares with equal or superior rank to Class A Preferred Shares. Shareholders must give this approval as set out below in “Shareholder Approvals.” The Bank Act and other laws may also require other forms of approval.

The Bank does not require shareholder approval to create or issue additional Class A Preferred Shares or shares of equal rank if, on the date they are created or issued, the Bank has declared and paid or set apart for payment all dividends payable on cumulative and non-cumulative Class A Preferred Shares, including for the most recently completed fiscal period.

Voting Rights

The holders of the Class A Preferred Shares only have voting rights as a class on certain matters (see below) or as the law requires.

Shareholder Approvals

Holders of the Class A Preferred Shares can give their approval if 66 2/3% or more holders casting vote in favour of doing so at a meeting where the majority of Class A Preferred Shares is represented, or if no quorum is present at such a meeting, at an adjourned meeting at which no quorum requirements apply.

Certain Conditions of the Class B Preferred Shares as a Class

Issuable in Series

From time to time, the Board of Directors may resolve to issue Class B Preferred Shares in one or more series with rights, privileges, restrictions, and conditions, which the Board of Directors may also decide.

The Class B Preferred Shares of each series rank equally to all the other series of Class B and Class A Preferred Shares and are entitled to preference over the common shares and any other shares ranking junior to the Class A Preferred Shares and the Class B Preferred Shares with respect to the payment of dividends and in the distribution of property in the event of the liquidation, dissolution or winding up of the Bank.

Creating and Issuing Shares

Under the Bank Act, the Bank needs approval from holders of Class B Preferred Shares to create any other class of shares with equal or superior rank to Class B Preferred Shares. The Bank Act or other laws may also require other forms of approval.

The Bank does not require shareholder approval to create or issue additional Class B Preferred Shares or shares of equal rank if, on the date they are created or issued, the Bank has declared and paid or set apart for payment all dividends payable on cumulative and non-cumulative Class B Preferred Shares, including for the most recently completed fiscal period. As at December 3, 2025, none of the outstanding Class B Preferred Shares have the right to cumulative dividends.

Voting Rights

The holders of the Class B Preferred Shares only have voting rights as a class on certain matters (see below) or as the law requires.

Shareholder Approvals

Holders of the Class B Preferred Shares can give their approval if 66 2/3% or more holders casting vote in favour of doing so at a meeting where the majority of Class B Preferred Shares is represented, or if no quorum is present at such meeting, at an adjourned meeting at which no quorum requirements apply.

Contingent Conversion of Certain Series of Class B Preferred Shares

Upon the occurrence of certain specified trigger events relating to the viability of the Bank, Class B Preferred Shares Series 44 (Non-Viability Contingent Capital (NVCC)), Class B Preferred Shares Series 49 (Non-Viability Contingent Capital (NVCC)), Class B Preferred Shares Series 50 (Non-Viability Contingent Capital (NVCC)), Class B Preferred Shares Series 51 (Non-Viability Contingent Capital (NVCC)), Class B Preferred Shares Series 52 (Non-Viability Contingent Capital (NVCC)), Class B Preferred Shares Series 53 (Non-Viability Contingent Capital (NVCC)), Class B Preferred Shares Series 54 (Non-Viability Contingent Capital (NVCC)) and Class B Preferred Shares Series 55 (Non-Viability Contingent Capital (NVCC)) will immediately and automatically be converted into common shares of the Bank. The number of common shares into which such Class B Preferred Shares would be converted upon the occurrence of such a trigger event will be determined in accordance with a pre-determined conversion formula specified at the time of issuance of such Class B Preferred Shares.

Description of Other Equity Instruments – Additional Tier 1 Capital Notes

The Bank currently has outstanding US\$500 million 4.800%¹ Fixed Rate Resetting Non-Cumulative Subordinated Additional Tier 1 Capital Notes (Non-Viability Contingent Capital (NVCC)) (“Additional Tier 1 Capital Notes”) which are classified as equity and form part of the Bank’s additional tier 1 non-viability contingent capital. The Additional Tier 1 Capital Notes are compound financial instruments that have both equity and liability features. For more details, see “Other Equity Instruments” in Note 16 of the 2025 Financial Statements.

The Additional Tier 1 Capital Notes are direct unsecured obligations of the Bank and, in the event of the Bank’s insolvency or winding-up, will rank subordinate to all of the Bank’s subordinated indebtedness and in right of payment equally with and not prior to indebtedness that ranks equally in right of payment with, or is subordinated to, the Additional Tier 1 Capital Notes (other than indebtedness which by its terms ranks subordinate to the Additional Tier 1 Capital Notes, including but not limited to the Limited Recourse Capital Notes). The Additional Tier 1 Capital Notes will constitute subordinated indebtedness for the purposes of the Bank Act. In the event of the Bank’s insolvency or winding-up, the Additional Tier 1 Capital Notes will rank ahead of the Bank’s common shares and Preferred Shares.

Upon the occurrence of certain specified trigger events relating to the viability of the Bank, the Additional Tier 1 Capital Notes will immediately and automatically be converted into common shares of the Bank. The number of common shares into which the Additional Tier 1 Capital Notes would be converted upon the occurrence of such a trigger event will be determined in accordance with a pre-determined conversion formula specified at the time of issuance of the Additional Tier 1 Capital Notes.

Certain Provisions of the Additional Tier 1 Capital Notes

Distributions and Restrictions on Dividend and Retirement of Shares

Interest on the Additional Tier 1 Capital Notes was payable semi-annually in arrears for the initial five years, which ended on August 25, 2024 (the “First Reset Date”). Following the First Reset Date, the interest rate will reset every five years and interest will accrue at a fixed rate. While interest is payable on a semi-annual basis, the Bank may, at its discretion, with prior notice, cancel the payments. If the Bank does not pay the interest in full to the note holders, the Bank will not declare dividends on its common shares or preferred shares or redeem, purchase or otherwise retire such shares until the month commencing after the Bank resumes full interest payments on the Additional Tier 1 Capital Notes.

Maturity and Redemption

The Additional Tier 1 Capital Notes have no scheduled maturity or redemption date. Accordingly, the Bank is not required to make any repayment of the principal amount of the Additional Tier 1 Capital Notes except in the event of bankruptcy or insolvency and provided that the NVCC requirements have not been triggered. The Additional Tier 1 Capital Notes are redeemable at par on any interest payment date on or after the First Reset Date solely at the option of the Bank, or following certain regulatory or tax events, in accordance with their terms. All redemptions are subject to regulatory consent.

Purchase for Cancellation

Subject to regulatory consent, the Bank may at any time, purchase for cancellation any Additional Tier 1 Capital Notes at any price in the open market.

Events of Default

An event of default in respect of the Additional Tier 1 Capital Notes will occur only if the Bank becomes bankrupt or insolvent or becomes subject to the provisions of the Winding-up and Restructuring Act (Canada), or if the Bank goes into liquidation, either voluntarily or under an order of a court of competent jurisdiction, passes a resolution for the winding-up, liquidation or dissolution of the Bank or otherwise acknowledges its insolvency. Neither a failure to make a payment on the Additional Tier 1 Capital Notes when due (including any interest payment, whether as a result of cancellation or otherwise) nor an NVCC automatic conversion upon the occurrence of a trigger event will constitute an event of default.

Issuance of other Senior or Pari Passu Securities

The terms governing the Additional Tier 1 Capital Notes do not limit the Bank’s ability to incur additional indebtedness or issue or repurchase securities, other than the restriction on retirement of shares noted above. The Bank may incur additional indebtedness without the authorization of the holders of the Additional Tier 1 Capital Notes.

Voting Rights

The holders of Additional Tier 1 Capital Notes are not entitled to any rights of holders of common shares, including any rights of shareholders to receive notice, to attend or to vote at any meeting of the shareholders of the Bank. If the Additional Tier 1 Capital Notes are converted into common shares of the Bank under NVCC requirements, holders of the Additional Tier 1 Capital Notes will become holders of the Bank’s common shares and will only have rights as holders of common shares.

Description of Other Equity Instruments – Limited Recourse Capital Notes

The Bank currently has outstanding \$750 million 5.625% Limited Recourse Capital Notes, Series 2 (Non-Viability Contingent Capital (NVCC)) (“LRCN 2”), \$1 billion 7.325% Limited Recourse Capital Notes, Series 3 (Non-Viability Contingent Capital (NVCC)) (“LRCN 3”), US\$1 billion 7.700% Limited Recourse Capital Notes, Series 4 (Non-Viability Contingent Capital (NVCC)) (“LRCN 4”), and US\$750 million 7.300% Limited Recourse Capital Notes, Series 5 (Non-Viability Contingent Capital (NVCC)) (“LRCN 5”) and US\$1 billion 6.875% Limited Recourse Capital Notes, Series 6 (Non-Viability Contingent Capital (NVCC)) (“LRCN 6”, collectively with the LRCN 2, LRCN 3, LRCN 4 and LRCN 5, the “Limited Recourse Capital Notes”) which are classified as equity and form part of the Bank’s additional tier 1 non-viability contingent capital. The Limited Recourse Capital Notes are compound financial instruments that have both equity and liability features. For more details, see “Other Equity Instruments” in Note 16 of the 2025 Financial Statements.

The Limited Recourse Capital Notes are direct unsecured obligations of the Bank and, in the event of the Bank’s insolvency or winding-up (prior to the occurrence of specified trigger events), will rank: (a) subordinate in right of payment to the prior payment in full of all indebtedness, including certain subordinated indebtedness (including but not limited to the Additional Tier 1 Capital Notes); and (b) in right of payment, equally with and not prior to indebtedness which by its terms ranks equally in right of payment with, or is subordinate to, the Limited Recourse Capital Notes (other than indebtedness which by its terms ranks subordinate to the Limited Recourse Capital Notes) in each case, from time to time outstanding, and will be subordinate in right of payment to the claims of the Bank’s depositors and other unsubordinated creditors. The Limited Recourse Capital Notes will constitute subordinated indebtedness for the purposes of the Bank Act. In the event of the Bank’s insolvency or winding-up, the Limited Recourse Capital Notes will rank ahead of the Bank’s common shares and Preferred Shares.

¹ The Additional Tier 1 Capital Notes had an initial interest rate of 4.800% and reset on August 25, 2024 to 6.709%.

In the event of a non-payment by the Bank of the principal amount of, or interest on the Limited Recourse Capital Notes when due, while a holder of Limited Recourse Capital Notes will have a claim against the Bank for the principal amount of the Limited Recourse Capital Notes and any accrued and unpaid interest (which will then be due and payable), the sole remedy of each holder of Limited Recourse Capital Notes is the delivery of such holder's proportionate share of the assets of a limited recourse trust. As of the date hereof, the limited recourse trust's assets in respect of the LRCN 2 consist of 750,000 Class B Preferred Shares, Series 49 (Non-Viability Contingent Capital (NVCC)) ("Class B Preferred Shares Series 49 (NVCC)"), in respect of the LRCN 3 consist of 1,000,000 Class B Preferred Shares, Series 51 (Non-Viability Contingent Capital (NVCC)) ("Class B Preferred Shares Series 51 (NVCC)"), in respect of the LRCN 4 consist of 1,000,000 Class B Preferred Shares, Series 53 (Non-Viability Contingent Capital (NVCC)) ("Class B Preferred Shares Series 53 (NVCC)"), in respect of the LRCN 5 consist of 750,000 Class B Preferred Shares, Series 54 (Non-Viability Contingent Capital (NVCC)) ("Class B Preferred Shares Series 54 (NVCC)") and in respect of the LRCN 6 consist of 1,000,000 Class B Preferred Shares, Series 55 (Non-Viability Contingent Capital (NVCC)) ("Class B Preferred Shares Series 55 (NVCC)").

Upon the occurrence of certain specified trigger events relating to the viability of the Bank, the Class B Preferred Shares Series 49 (NVCC), Class B Preferred Shares Series 51 (NVCC), Class B Preferred Shares Series 53 (NVCC), Class B Preferred Shares Series 54 (NVCC) and Class B Preferred Shares Series 55 (NVCC) will immediately and automatically be converted into common shares of the Bank. The number of common shares into which the Class B Preferred Shares Series 49 (NVCC), Class B Preferred Shares Series 51 (NVCC), Class B Preferred Shares Series 53 (NVCC), Class B Preferred Shares Series 54 (NVCC) and Class B Preferred Shares Series 55 (NVCC) would be converted upon the occurrence of such a trigger event will be determined in accordance with a pre-determined conversion formula specified at the time of the issuance of the Class B Preferred Shares Series 49 (NVCC), Class B Preferred Shares Series 51 (NVCC), Class B Preferred Shares Series 53 (NVCC), Class B Preferred Shares Series 54 (NVCC) and Class B Preferred Shares Series 55 (NVCC). Subject to certain limitations, each holder of the Limited Recourse Capital Notes would receive such holder's proportionate share of such common shares of the Bank.

Certain Provisions of the Limited Recourse Capital Notes

Distributions and Restrictions on Dividend and Retirement of Shares

Interest on the Limited Recourse Capital Notes is paid semi-annually in arrears for the initial five years. Thereafter, the interest will reset every five years and accrue at a fixed rate.

Until revoked, the trustee of the limited recourse trust has waived its right to receive any and all dividends on the Class B Preferred Shares Series 49 (NVCC). Accordingly, until such waiver is revoked by the trustee of the limited recourse trust, no dividends are expected to be declared or paid on the Class B Preferred Shares Series 49 (NVCC). To the extent the waiver is no longer in effect and the limited recourse trust is the sole holder of the Class B Preferred Shares Series 49 (NVCC), if the Bank does not declare and pay dividends on the Class B Preferred Shares Series 49 (NVCC), it will not declare and pay dividends on any of the other outstanding series of Class B Preferred Shares of the Bank.

Until revoked, the trustee of the limited recourse trust has waived its right to receive any and all dividends on the Class B Preferred Shares Series 51 (NVCC). Accordingly, until such waiver is revoked by the trustee of the limited recourse trust, no dividends are expected to be declared or paid on the Class B Preferred Shares Series 51 (NVCC). To the extent the waiver is no longer in effect and the limited recourse trust is the sole holder of the Class B Preferred Shares Series 51 (NVCC), if the Bank does not declare and pay dividends on the Class B Preferred Shares Series 51 (NVCC), it will not declare and pay dividends on any of the other outstanding series of Class B Preferred Shares of the Bank.

Until revoked, the trustee of the limited recourse trust has waived its right to receive any and all dividends on the Class B Preferred Shares Series 53 (NVCC). Accordingly, until such waiver is revoked by the trustee of the limited recourse trust, no dividends are expected to be declared or paid on the Class B Preferred Shares Series 53 (NVCC). To the extent the waiver is no longer in effect and the limited recourse trust is the sole holder of the Class B Preferred Shares Series 53 (NVCC), if the Bank does not declare and pay dividends on the Class B Preferred Shares Series 53 (NVCC), it will not declare and pay dividends on any of the other outstanding series of Class B Preferred Shares of the Bank.

Until revoked, the trustee of the limited recourse trust has waived its right to receive any and all dividends on the Class B Preferred Shares Series 54 (NVCC). Accordingly, until such waiver is revoked by the trustee of the limited recourse trust, no dividends are expected to be declared or paid on the Class B Preferred Shares Series 54 (NVCC). To the extent the waiver is no longer in effect and the limited recourse trust is the sole holder of the Class B Preferred Shares Series 54 (NVCC), if the Bank does not declare and pay dividends on the Class B Preferred Shares Series 54 (NVCC), it will not declare and pay dividends on any of the other outstanding series of Class B Preferred Shares of the Bank.

Until revoked, the trustee of the limited recourse trust has waived its right to receive any and all dividends on the Class B Preferred Shares Series 55 (NVCC). Accordingly, until such waiver is revoked by the trustee of the limited recourse trust, no dividends are expected to be declared or paid on the Class B Preferred Shares Series 55 (NVCC). To the extent the waiver is no longer in effect and the limited recourse trust is the sole holder of the Class B Preferred Shares Series 55 (NVCC), if the Bank does not declare and pay dividends on the Class B Preferred Shares Series 55 (NVCC), it will not declare and pay dividends on any of the other outstanding series of Class B Preferred Shares of the Bank.

Maturity and Redemption

The LRCN 2 are scheduled to mature on May 26, 2082. The LRCN 2 are redeemable, at the option of the Bank, at their principal amount every five years after issuance, or following certain regulatory or tax events, in accordance with their terms. Upon any redemption of the Class B Preferred Shares Series 49 (NVCC) held by the limited recourse trust, the Bank shall redeem LRCN 2 with an aggregate principal amount equal to the aggregate face amount of the Class B Preferred Shares Series 49 (NVCC) redeemed by the Bank. All redemptions are subject to regulatory consent.

The LRCN 3 are scheduled to mature on November 26, 2082. The LRCN 3 are redeemable, at the option of the Bank, at their principal amount every five years after issuance, or following certain regulatory or tax events, in accordance with their terms. Upon any redemption of the Class B Preferred Shares Series 51 (NVCC) held by the limited recourse trust, the Bank shall redeem LRCN 3 with an aggregate principal amount equal to the aggregate face amount of the Class B Preferred Shares Series 51 (NVCC) redeemed by the Bank. All redemptions are subject to regulatory consent.

The LRCN 4 are scheduled to mature on May 26, 2084. The LRCN 4 are redeemable, at the option of the Bank, at their principal amount every five years after issuance, or following certain regulatory or tax events, in accordance with their terms. Upon any redemption of the Class B Preferred Shares Series 53 (NVCC) held by the limited recourse trust, the Bank shall redeem LRCN 4 with an aggregate principal amount equal to the aggregate face amount of the Class B Preferred Shares Series 53 (NVCC) redeemed by the Bank. All redemptions are subject to regulatory consent.

The LRCN 5 are scheduled to mature on November 26, 2084. The LRCN 5 are redeemable, at the option of the Bank, at their principal amount every five years after issuance, or following certain regulatory or tax events, in accordance with their terms. Upon any redemption of the Class B Preferred Shares Series 54 (NVCC) held by the limited recourse trust, the Bank shall redeem LRCN 5 with an aggregate principal amount equal to the aggregate face amount of the Class B Preferred Shares Series 54 (NVCC) redeemed by the Bank. All redemptions are subject to regulatory consent.

The LRCN 6 are scheduled to mature on November 26, 2085. The LRCN 6 are redeemable, at the option of the Bank, at their principal amount every five years after issuance, or following certain regulatory or tax events, in accordance with their terms. Upon any redemption of the Class B Preferred Shares Series 55 (NVCC) held by the limited recourse trust, the Bank shall redeem LRCN 6 with an aggregate principal amount equal to the aggregate face amount of the Class B Preferred Shares Series 55 (NVCC) redeemed by the Bank. All redemptions are subject to regulatory consent.

On November 12, 2025, the Bank redeemed all of its \$1,250 million 4.300% Limited Recourse Capital Notes, Series 1 (Non-Viability Contingent Capital (NVCC)) and all of its corresponding \$1,250 million Class B Preferred Shares, Series 48 (NVCC).

Purchase for Cancellation

Subject to regulatory consent, the Bank may at any time, purchase for cancellation any LRCN 2, LRCN 3, LRCN 4, LRCN 5 and LRCN 6 at any price in the open market. Prior to any such cancellation, the Bank shall, subject to regulatory consent, redeem, as applicable, a corresponding number of Class B Preferred Shares Series 49 (NVCC), Class B Preferred Shares Series 51 (NVCC), Class B Preferred Shares Series 53 (NVCC), Class B Preferred Shares Series 54 (NVCC) or Class B Preferred Shares Series 55 (NVCC) (the aggregate face amount of which shall equal the aggregate principal amount of the Notes to be cancelled) then held by the limited recourse trust for cancellation.

Events of Default

An event of default in respect of the Limited Recourse Capital Notes (“Event of Default”), will occur only if the Bank becomes bankrupt or insolvent or becomes subject to the provisions of the Winding-up and Restructuring Act (Canada), or if the Bank goes into liquidation, either voluntarily or under an order of a court of competent jurisdiction, passes a resolution for the winding-up, liquidation or dissolution of the Bank or otherwise acknowledges its insolvency. Upon an Event of Default, the sole remedy of each holder of LRCN 2 is the delivery of such holder’s proportionate share of the Class B Preferred Shares Series 49 (NVCC), the sole remedy of each holder of LRCN 3 is the delivery of such holder’s proportionate share of the Class B Preferred Shares Series 51 (NVCC), the sole remedy of each holder of LRCN 4 is the delivery of such holder’s proportionate share of the Class B Preferred Shares Series 53 (NVCC), the sole remedy of each holder of LRCN 5 is the delivery of such holder’s proportionate share of the Class B Preferred Shares Series 54 (NVCC) and the sole remedy of each holder of LRCN 6 is the delivery of such holder’s proportionate share of the Class B Preferred Shares Series 55 (NVCC).

Issuance of other Senior or Pari Passu Securities

The terms governing the Limited Recourse Capital Notes do not limit the Bank’s ability to incur additional indebtedness or issue or repurchase securities. The Bank may incur additional indebtedness without the authorization of the holders of the Limited Recourse Capital Notes.

Voting Rights

The holders of the Limited Recourse Capital Notes are not entitled to any rights of holders of common shares, including any rights of shareholders to receive notice, to attend or to vote at any meeting of the shareholders of the Bank. If the Class B Preferred Shares Series 49 (NVCC), Class B Preferred Shares Series 51 (NVCC), Class B Preferred Shares Series 53 (NVCC), Class B Preferred Shares Series 54 (NVCC) or Class B Preferred Shares Series 55 (NVCC) are converted into common shares of the Bank, holders of the LRCN 2, LRCN 3, LRCN 4, LRCN 5 and LRCN 6, as applicable, will become holders of the Bank’s common shares and will only have rights as holders of common shares.

This Certain Provisions of the Limited Recourse Capital Notes section contains forward-looking statements. Please see the Caution Regarding Forward-Looking Statements on page 2.

Restraints on Bank Shares under the Bank Act

The Bank Act restricts the beneficial ownership of shares of a bank. No person may be a major shareholder of a bank if the bank has equity of \$12 billion or more, which applies to the Bank. A major shareholder is defined as a person, or group of persons under common control or acting jointly or in concert, that beneficially owns more than 20% of any class of voting shares or more than 30% of any class of non-voting shares of the bank.

In addition, no person may have a significant interest in any class of shares of a bank, including the Bank, unless the person first receives the approval of the Minister of Finance. A person has a significant interest in a class of shares of a bank when the person, or group of persons under common control or acting jointly or in concert, beneficially owns more than 10% of any class of shares of the bank.

Governments and their agents are also restricted from acquiring shares of a bank, except for certain cases that require the Minister of Finance’s consent.

Ratings

The credit ratings that external rating agencies assign to some of the Bank's securities are important in the raising of both capital and funding to support the Bank's business operations. The credit ratings and outlook that the rating agencies assign are based on their own views and methodologies. Maintaining strong credit ratings allows the Bank to access capital markets at competitive pricing levels. Should the Bank's credit ratings experience a downgrade, its cost of funds would likely increase and its access to funding and capital through capital markets could be reduced. A material downgrade of the Bank's ratings could also have other consequences, including those set out in Note 7 of the 2025 Financial Statements, which Note the Bank incorporates herein by reference. The following table sets out ratings the Bank has received for its outstanding securities from the rating agencies, which are current as at December 3, 2025.

Notes: ¹ Rank, according to each rating agency's public website, refers to the assigned ratings ranking of all major assignable ratings for each debt or share class, 1 being the highest. Each assignable major rating may be modified further (+/-, high/low) to show relative standing within the major rating categories.

² Non-viability contingent capital (NVCC).

³ Subject to conversion under the Bail-In Regime.

⁴ Long Term Deposits / Legacy Senior Debt Includes: (a) Senior debt issued prior to September 23, 2018; and (b) Senior debt issued on or after September 23, 2018 which is excluded from the Bail-In Regime.

A definition of the categories of each rating as at December 3, 2025 from each rating agency's website is outlined in Appendix II to this Annual Information Form. Further information may be obtained from the applicable rating agency. S&P, Moody's, DBRS and Fitch each have a stable outlook on BMO's long-term credit ratings.

During fiscal 2025 there were no changes to ratings assigned by S&P, Moody's, DBRS or Fitch.

Credit ratings are not recommendations to purchase, hold, or sell securities and do not address the market price or suitability of a specific security for a particular investor. Credit ratings may not reflect the potential impact of all risks on the value of securities. In addition, real or anticipated changes in the rating assigned to a security will generally affect the market value of that security. The Bank cannot know for certain that a rating will remain in effect for any given period of time or that a rating agency will not revise or withdraw it entirely in the future.

The Bank paid fees to credit rating agencies to obtain its credit ratings. The Bank may also pay fees for other services from credit rating agencies in the ordinary course of business.

For additional information on the credit ratings assigned to the Bank's short-term and senior-long term debt securities by external rating agencies, see page 93 of the 2025 MD&A, which page the Bank incorporates herein by reference.

To the Bank's knowledge, none of its directors or executive officers have been subject to: (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (b) any other penalties or sanctions imposed by a court or regulatory body, that would likely be considered important to a reasonable investor in making an investment decision.

LEGAL PROCEEDINGS AND REGULATORY ACTIONS

A description of certain legal proceedings to which the Bank is a party appears under the heading "Legal Proceedings" in Note 24 of the 2025 Financial Statements, which Note the Bank incorporates herein by reference.

In the ordinary course of business, the Bank and its subsidiaries may be assessed fees or fines by a Canadian securities regulatory authority in relation to administrative matters, including late filings or reporting, which may be considered penalties or sanctions pursuant to Canadian securities regulations but which are not, individually or in the aggregate, material to the Bank. In addition, the Bank and its subsidiaries are subject to numerous regulatory authorities around the world, and accordingly fees, administrative penalties, settlement agreements and sanctions may be categorized differently by certain regulators. Any such penalties imposed under these categories against the Bank and its subsidiaries in the 2025 fiscal year, however, are not material, nor would they likely be considered important to a reasonable investor in making an investment decision. Since November 1, 2024, the Bank and its subsidiaries have not entered into any material settlement agreements with a court relating to securities legislation or with a securities regulatory authority.

TRANSFER AGENT AND REGISTRAR

The registrar and transfer agent for the Bank's common and preferred shares is Computershare Trust Company of Canada. This agent has transfer facilities in Montreal, Toronto, Calgary and Vancouver. In addition, Computershare Investor Services PLC and Computershare Trust Company, N.A. serve as co-transfer agent and registrar for the common shares in Bristol, United Kingdom and for the common and preferred shares in Canton, Maine, U.S.A., respectively.

INTERESTS OF EXPERTS

The Bank's Shareholders' Auditors are KPMG LLP. PART II
COMPOSITION

2.1 Members

- 2.1.1 The Committee will consist of three or more directors as determined by the Board. At least a majority of the members of the Committee will not be “affiliated” with the Bank for the purposes of the Bank Act (Canada). Each member of the Committee will be: (i) a director who is not an officer or employee of the Bank or an affiliate of the Bank; and (ii) “independent” for the purposes of applicable Canadian and United States securities laws and the New York Stock Exchange Rules.
- 2.1.2 Committee members will be Financially Literate or become so within a reasonable period after appointment to the Committee. At least one Committee member will qualify as an Audit Committee Financial Expert. Committee members will not serve on more than three public company audit committees without the approval of the Board.
- 2.1.3 The Board will, having considered the recommendation of the Governance and Nominating Committee, appoint the members of the Committee and the chair of the Committee annually following the meeting of the shareholders at which directors are elected each year. The Board may appoint a member to fill a vacancy which occurs in the Committee between annual elections of directors and increase the number of Committee members as it determines appropriate. If a member of the Committee becomes “affiliated” with the Bank for the purposes of the Bank Act (Canada), the member may continue as a member of the Committee with the approval of the Governance and Nominating Committee, in consultation with the Bank’s General Counsel. Any member of the Committee may be removed or replaced at any time by the Board.
- 2.1.4 In addition to any orientation provided by the Governance and Nominating Committee, the chair of the Committee will provide orientation to new members of the Committee with respect to their duties and responsibilities as members of the Committee.
- 2.1.5 The Committee may invite other directors to attend Committee meetings or otherwise provide input as needed to acquire additional specific skills as required to carry out its mandate.

PART III
COMMITTEE PROCEDURE

3.1 Meetings

- 3.1.1 The Committee will meet as frequently as it determines necessary but not less than once each quarter. Meetings may be called by the Chair of the Board, the chair of the Committee or any two members of the Committee. The chair of the Committee must call a meeting when requested to do so by any member of the Committee, the Shareholders’ Auditors, the Chief Auditor, the Chair of the Board, the Chief Executive Officer, the Chief Financial Officer, the General Counsel or the Chief Risk Officer.
- 3.1.2 Notice of the time and place of each meeting of the Committee, other than *ad hoc* meetings, will be given to each member of the Committee and the Shareholders’ Auditors, not less than 48 hours before the time when the meeting is to be held. A quorum of the Committee will be a majority of its members. The powers of the Committee may be exercised at a meeting at which a quorum of the Committee is present in person or by telephone or other electronic means or by a resolution signed by all members entitled to vote on that resolution at a meeting of the Committee. Each member is entitled to one vote in Committee proceedings.
- 3.1.3 Notice of the time and place of *ad hoc* meetings will be given to each member not less than two hours before the time when the meeting is to be held.
- 3.1.4 The chair of the Committee will preside at all meetings of the Committee at which he or she is present and will, in consultation with the Chief Financial Officer, the Chief Auditor, the General Counsel and the Shareholders’ Auditors, develop the agenda for each Committee meeting. The agenda for each meeting of the Committee, other than *ad hoc* meetings, will be delivered together with such other materials as the chair determines necessary, to each member of the Committee at least 48 hours prior to the meeting. The chair will designate from time to time a person who may be, but need not be, a member of the Committee, to be secretary of the Committee. Minutes will be kept of all meetings of the Committee and will be maintained by the Bank’s Corporate Secretary.
- 3.1.5 The procedure at meetings is to be determined by the Committee unless otherwise determined by the By-Laws of the Bank, by a resolution of the Board or by this Charter.
- 3.1.6 The Committee will meet at least quarterly in separate private sessions with each of the Shareholders’ Auditors and the Chief Auditor, and as appropriate with management including the Chief Financial Officer, the General Counsel, the Chief Compliance Officer and the Chief Anti-Money Laundering Officer.
- 3.1.7 The Committee will meet at the end of each meeting with only members of the Committee present.
- 3.1.8 The Committee may invite any director, officer or employee of the Bank or the Bank’s counsel or the Shareholders’ Auditors or any other person, as appropriate, to attend meetings of the Committee to assist in the discussion and examination of the matters under consideration by the Committee. The Shareholders’ Auditors will, at the expense of the Bank, be entitled to attend and be heard at any meeting of the Committee.

3.2 Reports

- 3.2.1 The Committee will report the proceedings of each meeting and all recommendations made by the Committee at such meeting to the Board at the Board’s next meeting. The Committee will make such recommendations to the Board as it may deem appropriate and will have such decision-making authority as the Board may determine from time to time. The Committee will approve the report of the Committee to be included in the Bank’s Management Proxy Circular

and such other reports relating to the activities of the Committee as may be required by the Bank or the Board from time to time. In addition, the Committee will prepare and submit to the Board for its review and approval the reports required to be submitted by the Board within 90 days after the financial year-end of the Bank concerning the activities of the Committee during the year to (i) OSFI in carrying out its conduct review responsibilities and (ii) the FCAC in carrying out its consumer protection review responsibilities. Finally, the Committee may report to the Risk Review Committee on any issues of relevance to it.

3.3 Access to Management and Outside Advisors and Continuing Education

- 3.3.1 The Committee will have full, free and unrestricted access to management and employees, the Chief Auditor and the Shareholders' Auditors. The Committee has the authority to engage independent legal counsel, consultants or other advisors, with respect to any issue or to assist it in fulfilling its responsibilities without consulting or obtaining the approval of any officer of the Bank and the Bank will provide appropriate funding, as determined by the Committee, for the payment of: compensation to the Shareholders' Auditors engaged for the purpose of preparing or issuing auditor's reports or performing the audit, review or attest services for the Bank; compensation to any advisors employed by the Committee; and ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.
- 3.3.2 The Committee will have access to continuing education programs to assist the Committee in fulfilling its responsibilities and the Bank will provide appropriate funding for such programs.

3.4 Annual Review and Assessment

- 3.4.1 The Committee will ensure that an annual review and assessment of the Committee's performance and effectiveness, including a review of its compliance with this Charter, will be conducted in accordance with the process developed by the Board's Governance and Nominating Committee and approved by the Board. The results thereof will be reported in accordance with the process established by the Board's Governance and Nominating Committee and approved by the Board.
- 3.4.2 The Committee will review and assess the adequacy of this Charter on an annual basis taking into account all legislative and regulatory requirements applicable to the Committee as well as any best practice guidelines recommended by regulators or stock exchanges with whom the Bank has a reporting relationship and, if appropriate, will recommend changes to the Board's Governance and Nominating Committee.

3.5 Definitions

"OSFI" means the Office of the Superintendent of Financial Institutions.

"Shareholders' Auditors" mean the independent financial statement auditors of the Bank.

APPENDIX II

CREDIT RATING CATEGORIES

(a) (Standard & Poor's ("S&P"))

S&P has different rating scales for short-term debt, long-term debt and preferred shares. S&P short-term issue credit ratings are generally assigned to those obligations considered short-term in the relevant market, typically with an original maturity of no more than 365 days. Short-term ratings are also used to indicate the creditworthiness of an obligor with respect to put features on long-term obligations. A short-term obligation rated A-1 is in the highest category and indicates S&P's view that an obligor's capacity to meet its financial commitments on these obligations is strong.

S&P long-term issue credit ratings are based, in varying degrees, on the analysis of the following considerations: likelihood of payment—capacity and willingness of the obligor to meet its financial commitments on an obligation in accordance with the terms of the obligation; nature of and provisions of the financial obligation; and protection afforded to, and the promise they impute, and relative position of, the financial obligation in the event of bankruptcy, reorganization, or other arrangement under the laws of bankruptcy and other laws affecting creditors' rights. An obligation rated A means the obligation is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories, however, the obligor's capacity to meet its financial commitment on the obligation is still strong. An obligation rated BBB indicates that the obligation exhibits adequate protection parameters, however, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation. Ratings from AA to CCC may be modified by the addition of a plus (+) or minus (–) sign to show relative standing within the rating categories.

The S&P preferred share rating on the Canadian scale is a forward-looking opinion about the creditworthiness of an obligor with respect to a specific preferred share obligation issued in the Canadian market, relative to preferred shares issued by other issuers in the Canadian market. There is a direct correspondence between the specific ratings assigned on the Canadian preferred share scale and the various rating levels on the global debt rating scale of S&P Global Ratings. The Canadian scale rating is fully determined by the applicable global scale rating, and there are no additional analytical criteria associated with the determination of ratings on the Canadian scale. S&P's practice is to present ratings on an issuer's preferred shares on both the global rating scale and on the Canadian national scale when listing the ratings for a particular issuer. The BBB and BBB- preferred share ratings on the Global Scale correspond to a P-2 and P-2(Low) rating, respectively, on the Canadian National Preferred Share Scale.

A rating outlook assesses the potential direction of a long-term credit rating over the intermediate term, which is generally up to two years for investment grade and generally up to one year for speculative grade. In determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions.

The "Stable" rating outlook means that a rating is not likely to change.

(b) Moody's Investors Service ("Moody's")

Moody's issues ratings at the instrument level on both the short-term scale and long-term scale.

Ratings assigned by Moody's are forward-looking opinions of the relative credit risks of financial obligations issued by non-financial corporates, financial institutions, structured finance vehicles, project finance vehicles, and public sector entities.

Moody's short-term ratings are assigned to obligations with an original maturity of 13 months or less and reflect both on the likelihood of a default or impairment on contractual financial obligations and the expected financial loss suffered in the event of default or impairment. The P-1 rating is the highest of four rating categories and indicates issuers (or supporting institutions) that have a superior ability to repay short-term debt obligations.

Moody's long-term ratings are assigned to issuers or obligations with an original maturity of 11 months or more and reflect both on the likelihood of a default or impairment on contractual financial obligations and the expected financial loss suffered in the event of default or impairment. Obligations rated Aa are judged to be of high quality and are subject to very low credit risk. Obligations rated A are judged to be upper-medium grade and subject to low credit risk. Obligations rated Baa are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. Additionally, a "(hyb)" indicator is appended to all ratings of hybrid securities issued by banks, insurers, finance companies, and securities firms.

The Moody's rating outlook is an opinion regarding the likely rating direction over the medium term.

The "Stable" outlook indicates a low likelihood of a rating change over the medium term.

(c) DBRS Limited ("DBRS")

DBRS has different rating scales for short-term debt, long-term debt and preferred shares. DBRS rating approach is based on a combination of quantitative and qualitative considerations relevant to the issuer, and the relative ranking of claims.

The DBRS short-term debt rating scale provides an opinion on the risk that an issuer will not meet its short-term financial obligations in a timely manner. The R-1 and R-2 rating categories are further denoted by the subcategories "high", "middle" and "low". An obligation rated R-1(high) is of the highest credit quality and indicates the capacity for the payment of short-term financial obligations as they fall due is exceptionally high; unlikely to be adversely affected by future events.

The DBRS long-term rating scale provides an opinion on the risk of default. That is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which the obligations have been issued. All rating categories other than AAA and CCC also contain subcategories "(high)" and "(low)". The absence of either a "(high)" or "(low)" designation indicates the rating is in the middle of the category. Long-term financial obligations rated AA are of superior credit quality and the capacity for payment is considered high; credit quality differs from AAA only to a small degree; unlikely to be significantly vulnerable to future events. Long-term financial obligations rated A are of good credit quality and the capacity for payment is considered substantial, but of lesser credit quality than AA; may be vulnerable to future events but qualifying negative factors are considered manageable.

The DBRS preferred share rating scale is used in the Canadian securities market and reflects an opinion on the risk that an issuer will not fulfill its obligations with respect to both dividend and principal commitments in accordance with the terms under which the relevant preferred shares were issued. Every DBRS rating using the preferred share rating scale is based on quantitative and qualitative considerations relevant to the issuing entity. Each rating category may be denoted by the subcategories "high" and "low". The absence of either a "high" or "low" designation indicates the rating is in the middle of the category. The Pfd-2 rating generally

indicates good credit quality. Protection of dividends and principal is still substantial, but earnings, the balance sheet and coverage ratios are not as strong as Pfd-1 rated companies. Generally, Pfd-2 ratings correspond with issuers with an A category or higher reference point.

The Rating Trend indicates the direction in which DBRS considers the rating may move if present circumstances continue.

The “Stable” rating trend indicates a lower likelihood that the rating could change in the future than would be the case if the rating trend was “Positive” or “Negative”.

(d) Fitch

Fitch publishes opinions on a variety of scales.

A short-term issuer or obligation rating is based on the short-term vulnerability to default of the rated entity and relates to the capacity to meet financial obligations in accordance with the documentation governing the relevant obligation. Short-term deposit ratings may be adjusted for loss severity. Short-Term Ratings are assigned to obligations whose initial maturity is viewed as “short term” based on market convention (a long-term rating can also be used to rate an issue with short maturity). Typically, this means a timeframe of up to 13 months for corporate, sovereign, and structured obligations and up to 36 months for obligations in U.S. public finance markets. A rating of F1+ indicates the highest short-term credit quality and strongest intrinsic capacity for the timely payment of financial commitments. The added “+” denotes an exceptionally strong credit feature.

Rated entities in a number of sectors, including financial and non-financial corporations, are generally assigned Issuer Default Ratings (“IDRs”). IDRs opine on an entity’s relative vulnerability to default on financial obligations. A rating of AA indicates a very high credit quality and denotes expectation of very low credit risk. This indicates a very strong capacity for payment of financial commitments, and is not significantly vulnerable to foreseeable events. A rating of A indicates a high credit quality and denotes expectation of low credit risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. A rating of BBB indicates good credit quality and denotes expectations of default risk are currently low. The capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity. The modifiers “+” or “-” may be appended to a rating to denote relative status within major rating categories.

Rating Outlooks indicate the direction a rating is likely to move over a one to two-year period. They reflect financial or other trends that have not yet reached or been sustained at the level that would cause a rating action, but which may do so if such trends continue.

The “Stable” rating outlook means that the rating is not likely to change over a one to two-year period.
