

PROSPECTUS SUPPLEMENT
To Short Form Base Shelf Prospectus dated May 23, 2018

No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise.

This prospectus supplement, together with the short form base shelf prospectus dated May 23, 2018 to which it relates, as amended or supplemented, and each document incorporated by reference into this prospectus supplement or the accompanying short form base shelf prospectus dated May 23, 2018, constitutes a public offering of these securities only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell such securities. The securities to be issued hereunder have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the “U.S. Securities Act”) and, except as stated under “Plan of Distribution”, may not be offered or sold in the United States of America, its territories, its possessions and other areas subject to its jurisdiction or to, or for the account or benefit of, a U.S. person (as defined in Regulation S under the U.S. Securities Act).

Information has been incorporated by reference in this prospectus supplement and the accompanying short form base shelf prospectus dated May 23, 2018 from documents filed with securities commissions or similar authorities in Canada. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Corporate Secretary, Bank of Montreal, 100 King Street West, 1 First Canadian Place, 21st Floor, Toronto, Ontario, M5X 1A1, telephone: (416) 867-6785, and are also available electronically at www.sedar.com.

New Issue

September 10, 2018

\$400,000,000

**16,000,000 Non-Cumulative 5-Year Rate Reset Class B Preferred Shares, Series 44
(Non-Viability Contingent Capital (NVCC))**

The holders of Non-Cumulative 5-Year Rate Reset Class B Preferred Shares, Series 44 (Non-Viability Contingent Capital (NVCC)) (the “Preferred Shares Series 44”) of Bank of Montreal (the “Bank”) will be entitled to receive fixed non-cumulative preferential cash dividends, for the initial period from and including the closing date to, but excluding, November 25, 2023 (the “Initial Fixed Rate Period”), payable quarterly on the 25th day of February, May, August and November in each year, or if such day is not a business day, on the next business day, as and when declared by the board of directors of the Bank (the “Board of Directors”). The initial dividend, if declared, shall be payable on February 25, 2019 and shall be \$0.53483 per share, based on the anticipated closing date of September 17, 2018. Thereafter during the Initial Fixed Rate Period, quarterly dividends shall be at a rate of \$0.303125 per share. See “Details of the Offering”.

For each five-year period after the Initial Fixed Rate Period (each a “Subsequent Fixed Rate Period”), the holders of Preferred Shares Series 44 will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the Board of Directors, payable quarterly on the 25th day of February, May, August and November in each year, in the amount per share per annum determined by multiplying the Annual Fixed Dividend Rate (as defined herein) applicable to such Subsequent Fixed Rate Period by \$25.00. The Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period will be determined by the Bank on the 30th day prior to the first day of such Subsequent Fixed Rate Period and will be equal to the sum of the Government of Canada Yield (as defined herein) on the date on which the Annual Fixed Dividend Rate is determined plus 2.68%. See “Details of the Offering”.

Option to Convert Into Preferred Shares Series 45

The holders of Preferred Shares Series 44 will have the right, at their option, to convert their shares into an equal number of Non-Cumulative Floating Rate Class B Preferred Shares, Series 45 (Non-Viability Contingent Capital (NVCC)) of the Bank (the “Preferred Shares Series 45”), subject to certain conditions, on November 25, 2023 and on November 25 every five years thereafter. The holders of Preferred Shares Series 45 will be entitled to receive floating rate non-cumulative preferential cash dividends, as and when declared by the Board of Directors, payable quarterly on the 25th day of February, May, August and November in each year (the initial quarterly dividend period and each subsequent quarterly dividend period is referred to as a “Quarterly Floating Rate Period”), in the amount per share determined by multiplying the applicable Quarterly Floating Dividend Rate (as defined herein) by \$25.00. The Quarterly Floating Dividend Rate will be equal to the sum of the T-Bill Rate (as defined herein) plus 2.68% (calculated on the basis of the actual number of days elapsed in the applicable Quarterly Floating Rate Period divided by 365) determined on the 30th day prior to the first day of the applicable Quarterly Floating Rate Period. See “Details of the Offering”.

Upon the occurrence of a Trigger Event (as defined herein), each outstanding Preferred Share Series 44 and, if issued, each outstanding Preferred Share Series 45 will automatically and immediately be converted, without the consent of the holders thereof, into that number of fully paid common shares of the Bank (the “Common Shares”) determined by dividing \$25.00 plus any declared but unpaid dividends in respect of such Preferred Shares Series 44 or Preferred Shares Series 45 by the Conversion Price (as defined herein). Investors should therefore carefully consider the disclosure with respect to the Bank, the Preferred Shares Series 44, the Preferred Shares Series 45, the Common Shares and the consequences of a Trigger Event included and incorporated by reference in this prospectus supplement and the accompanying short form base shelf prospectus of the Bank dated May 23, 2018 (the “Prospectus”). See “Details of the Offering”.

Subject to the provisions of the *Bank Act* (Canada) (the “Bank Act”), including any requirement for prior consent of the Superintendent of Financial Institutions (the “Superintendent”), and to the provisions described below under “Details of the Offering — Certain Provisions Common to the Preferred Shares Series 44 and the Preferred Shares Series 45 — Restrictions on Dividends and Retirement of Shares”, on November 25, 2023 and on November 25 every five years thereafter, the Bank may redeem all or any part of the then outstanding Preferred Shares Series 44, at the Bank’s option without the consent of the holder, by the payment of an amount in cash for each such share so redeemed of \$25.00 together with all declared and unpaid dividends to the date fixed for redemption. See “Details of the Offering”.

The Preferred Shares Series 44 and the Preferred Shares Series 45 do not have a fixed maturity date and are not redeemable at the option of the holders of Preferred Shares Series 44 or Preferred Shares Series 45. See “Risk Factors – No Fixed Maturity Date”.

The Bank’s head office is located at 129 rue Saint Jacques, Montreal, Quebec, H2Y 1L6 and its executive offices are located at 100 King Street West, 1 First Canadian Place, Toronto, Ontario, M5X 1A1.

The Toronto Stock Exchange (the “TSX”) has conditionally approved the listing of the Preferred Shares Series 44, Preferred Shares Series 45 and the Common Shares issuable upon the occurrence of a Trigger Event (as defined herein) subject to the Bank fulfilling all of the requirements of the TSX on or before December 5, 2018. The Bank has applied to list the Common Shares issuable upon the occurrence of a Trigger Event on the New York Stock Exchange (“NYSE”). Listing is subject to the Bank fulfilling all of the listing requirements of the NYSE and final approval is expected to be received prior to the anticipated closing date of September 17, 2018.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

The Bank's public communications often include written or oral forward-looking statements. Statements of this type are included in this prospectus supplement (including documents incorporated by reference), and may be included in other filings with Canadian securities regulators or the U.S. Securities and Exchange Commission, or in other communications. All such statements are made pursuant to the "safe harbor" provisions of, and are intended to be forward-looking statements under, the United States *Private Securities Litigation Reform Act of 1995* and any applicable Canadian securities legislation. The forward-looking statements contained in this prospectus supplement can often, but not always, be identified by the use of forward-looking words such as "plans", "expects" or "does not expect", "is expected", "is subject to", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "should", "would", "might" or "will" be taken, occur or be achieved.

By their nature, forward-looking statements require the Bank to make assumptions and are subject to inherent risks and uncertainties, both general and specific in nature. There is significant risk that predictions, forecasts, conclusions or projections will not prove to be accurate, that the Bank's assumptions may not be correct and that actual results may differ materially from such predictions, forecasts, conclusions or projections. The Bank cautions readers of this prospectus supplement not to place undue reliance on its forward-looking statements as a number of factors – many of which are beyond the Bank's control and the effects of which can be difficult to predict – could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward-looking statements.

The future outcomes that relate to forward-looking statements may be influenced by many factors, including but not limited to: general economic and market conditions in the countries in which the Bank operates; weak, volatile or illiquid capital and/or credit markets; interest rate and currency value fluctuations; changes in monetary, fiscal, or economic policy and tax legislation and interpretation; the level of competition in the geographic and business areas in which the Bank operates; changes in laws or in supervisory expectations or requirements, including capital, interest rate and liquidity requirements and guidance and the effect of such changes on funding costs; judicial or regulatory proceedings; the accuracy and completeness of the information the Bank obtains with respect to its customers and counterparties; the Bank's ability to execute its strategic plans and to complete and integrate acquisitions, including obtaining regulatory approvals; critical accounting estimates and the effect of changes to accounting standards, rules and interpretations on these estimates; operational and infrastructure risks; changes to the Bank's credit ratings; political conditions, including changes relating to or affecting economic or trade matters; global capital markets activities; the possible effects on the Bank's business of war or terrorist activities; outbreaks of disease or illness that affect local, national or international economies; natural disasters and disruptions to public infrastructure, such as transportation, communications, power or water supply; technological changes; information and cyber security, including the threat of hacking, identity theft and corporate espionage, as well as the possibility of denial of service resulting from efforts targeted at causing system failure and service disruption; and the Bank's ability to anticipate and effectively manage risks arising from all of the foregoing factors.

The Bank cautions that the foregoing list is not exhaustive of all possible factors. Other factors and risks could adversely affect its results. For more information, please see the discussion in the Risks That May Affect Future Results section on page 79 of the Bank's 2017 Annual Report, and the sections related to credit and counterparty, market, insurance, liquidity and funding, operational, model, legal and regulatory, business, strategic, environmental and social, and reputation risk, which begin on page 86 of the Bank's 2017 Annual Report, the discussion in the Critical Accounting Estimates – Income Taxes and Deferred Tax Assets section on page 114 of the Bank's 2017 Annual Report and the Risk Management section in the Bank's Third Quarter 2018 Report to Shareholders, all of which outline certain key factors and risks that may affect the Bank's future results. Investors and others should carefully consider these factors and risks, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. The Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by the organization or on its behalf, except as required by law. The forward-looking information contained in this prospectus supplement is presented for the purpose of assisting the Bank's shareholders in understanding the Bank's financial position as at and for the periods ended on the dates presented, as well as its strategic priorities and objectives, and may not be appropriate for other purposes.

Material economic assumptions underlying the forward-looking statements contained in this Prospectus are set out in the Bank's 2017 Annual Report under the heading "Economic Developments and Outlook", as updated by the Economic Review and Outlook section set forth in the Bank's Third Quarter 2018 Report to Shareholders. Assumptions about the performance of the Canadian and U.S. economies, as well as overall market conditions and their combined effect on the Bank's business, are material factors the Bank considers when determining its strategic priorities, objectives and expectations for its business. In determining the Bank's expectations for economic growth, both broadly and in the financial services sector, the Bank primarily considers historical economic data provided by governments, historical relationships between economic and financial variables,

and the risks to the domestic and global economy. For more information, please see the Economic Review and Outlook section of the Bank's Third Quarter 2018 Report to Shareholders.

DOCUMENTS INCORPORATED BY REFERENCE

This prospectus supplement is deemed to be incorporated by reference into the accompanying Prospectus. Other documents are also incorporated or deemed to be incorporated by reference into the Prospectus and reference should be made to the Prospectus for full particulars. In addition, the following documents have been filed by the Bank with the various securities commissions or similar authorities in Canada and are specifically incorporated by reference:

- (a) Annual Information Form dated December 5, 2017;
- (b) audited consolidated financial statements as at and for the year ended October 31, 2017 with comparative consolidated financial statements as at and for the year ended October 31, 2016, together with the auditors' report thereon and the auditors' report on internal control over financial reporting as of October 31, 2017 under the standards of the Public Company Accounting Oversight Board (United States);
- (c) Management's Discussion and Analysis as contained in the Bank's Annual Report as of October 31, 2017 (the "2017 Annual Report");
- (d) Management Proxy Circular dated February 12, 2018 in connection with the annual meeting of shareholders of the Bank held on April 5, 2018;
- (e) unaudited consolidated interim financial statements as at and for the three and nine months ended July 31, 2018;
- (f) Management's Discussion and Analysis, as contained in the Bank's Third Quarter 2018 Report to Shareholders for the three and nine months ended July 31, 2018; and
- (g) template version (as defined in National Instrument 41-101 — *General Prospectus Requirements* ("NI 41-101")) of the term sheet dated September 6, 2018 (the "Term Sheet") (which indicated a treasury offering of 12,000,000 Preferred Shares Series 44 with an underwriters' option to purchase up to an additional 4,000,000 Preferred Shares 44, which option was exercised in full by the Underwriters), filed on SEDAR in connection with this offering.

Any documents of the type described in Section 11.1 of Form 44-101F1 — *Short Form Prospectus Distributions* filed by the Bank and any template version of "marketing materials" (as defined in NI 41-101) that the Bank files with the Canadian securities regulatory authorities after the date of this prospectus supplement and prior to the termination of the distribution of the Preferred Shares Series 44 shall be deemed to be incorporated by reference in the Prospectus or this prospectus supplement (including any amendments to, or an amended version of, the marketing materials), as applicable. Any marketing materials, including the Term Sheet, are not part of this prospectus supplement to the extent that the contents of the marketing materials have been modified or superseded by a statement contained in this prospectus supplement or an amendment to this prospectus supplement. A copy of the Term Sheet can be found under the Bank's profile on www.sedar.com.

Any statement contained in this prospectus supplement or in a document incorporated or deemed to be incorporated by reference herein or in the Prospectus for the purposes of this offering shall be deemed to be modified or superseded for the purposes of this prospectus supplement to the extent that a statement contained herein or in any other subsequently filed document which also is or is deemed to be incorporated by reference herein modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement is not to be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this prospectus supplement.

ELIGIBILITY FOR INVESTMENT

In the opinion of Osler, Hoskin & Harcourt LLP, counsel to the Bank, and in the opinion of McCarthy Tétrault LLP, counsel to the Underwriters, the Preferred Shares Series 44 offered hereby, if issued on the date of this prospectus supplement, would be, at that time, qualified investments under the *Income Tax Act* (Canada) (the “Act”) and the regulations thereunder for a trust governed by a registered retirement savings plan (“RRSP”), registered retirement income fund (“RRIF”), registered education savings plan (“RESP”), deferred profit sharing plan, registered disability savings plan (“RDSP”) or tax-free savings account (a “TFSA”). On such date the Preferred Shares Series 44 will not be prohibited investments for trusts governed by a TFSA, RDSP, RESP, RRSP or RRIF provided that, for purposes of the Act, the holder of the TFSA or RDSP, subscriber of the RESP, or the annuitant of the RRSP or RRIF, as applicable, deals at arm’s length with the Bank for purposes of the Act and does not have a “significant interest” (within the meaning of subsection 207.01(4) of the Act) in the Bank. Purchasers of Preferred Shares Series 44 who intend to hold Preferred Shares Series 44 in a TFSA, RDSP, RESP, RRSP or RRIF, should consult their own tax advisors in this regard.

SUMMARY OF THE OFFERING

This summary is qualified by the detailed information appearing elsewhere in this short form prospectus. For a definition of certain terms used in this summary, refer to “Details of the Offering”.

Issue: Non-Cumulative 5-Year Rate Reset Class B Preferred Shares, Series 44 (Non-Viability Contingent Capital (NVCC)).

Amount: \$400,000,000 (16,000,000 shares).

Issue Price and Yield: \$25.00 per share to yield initially 4.85% per annum.

Principal Characteristics of the Preferred Shares Series 44

Dividends: The holders of the Preferred Shares Series 44 will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the Board of Directors, subject to the provisions of the Bank Act, for the initial period from and including the closing date to, but excluding, November 25, 2023 (the “Initial Fixed Rate Period”), payable quarterly on the 25th day of February, May, August and November in each year, at a rate equal to \$1.2125 per share per annum. The initial dividend, if declared, will be payable on February 25, 2019 and will be \$0.53483 per share, based on the anticipated closing date of September 17, 2018.

For each five-year period after the Initial Fixed Rate Period (each, a “Subsequent Fixed Rate Period”), the holders of the Preferred Shares Series 44 will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the Board of Directors, subject to the provisions of the Bank Act, payable quarterly on the 25th day of February, May, August and November in each year, in the amount per share per annum determined by multiplying the Annual Fixed Dividend Rate applicable to such Subsequent Fixed Rate Period by \$25.00. The Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period will be determined by the Bank on the 30th day (a “Fixed Rate Calculation Date”) prior to the first day of such Subsequent Fixed Rate Period and will be equal to the sum of the Government of Canada Yield on the applicable Fixed Rate Calculation Date plus 2.68%.

If the Board of Directors does not declare a dividend, or any part thereof, on the Preferred Shares Series 44 on or before the dividend payment date for a particular quarter, then the entitlement of the holders of the Preferred Shares Series 44 to receive such dividend, or to any part thereof, for such quarter will be forever extinguished.

Redemption: Subject to the provisions of the Bank Act and to the prior consent of the Superintendent and to the provisions described below under “Details of the Offering — Certain Provisions Common to the Preferred Shares Series 44 and the Preferred Shares Series 45 — Restrictions on Dividends and Retirement of Shares”, on November 25, 2023 and on November 25 every five years thereafter, on not more than 60 nor less than 30 days’ notice, the Bank may redeem all or any part of the then outstanding Preferred Shares Series 44, at the Bank’s option without the consent of the holder, by the payment of an amount in cash for each such share so redeemed of \$25.00 together with all declared and unpaid dividends to the date fixed for redemption.

Conversion into Preferred Shares Series 45: Holders of Preferred Shares Series 44 will, subject to the automatic conversion provisions and the right of the Bank to redeem those shares, have the right, at their option, to convert, on November 25, 2023 and on November 25 every five years thereafter (a “Series 44 Conversion Date”), any or all of their Preferred Shares Series 44 into an equal number of Preferred Shares Series 45 upon giving to the Bank notice thereof not earlier than 30 days prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series 44 Conversion Date.

Automatic Conversion Provisions: If the Bank determines, after having taken into account all shares tendered for conversion by holders of Preferred Shares Series 44 and Preferred Shares Series 45, as the case may be, that there would be outstanding on such Series 44 Conversion Date less than 1,000,000 Preferred Shares Series 44, such remaining number of Preferred Shares Series 44 will automatically be converted on such Series 44 Conversion Date into an equal number of Preferred Shares Series 45. Additionally, if the Bank determines that, after conversion, there would be outstanding on such Series 44 Conversion Date less than 1,000,000 Preferred Shares Series 45 then no Preferred Shares Series 44 will be converted into Preferred Shares Series 45.

Principal Characteristics of the Preferred Shares Series 45

Dividends: The holders of the Preferred Shares Series 45 will be entitled to receive floating rate non-cumulative preferential cash dividends, as and when declared by the Board of Directors, subject to the provisions of the Bank Act, payable quarterly on the 25th day of February, May, August and November in each year, in the amount per share determined by multiplying the applicable Quarterly Floating Dividend Rate by \$25.00.

On the 30th day prior to the commencement of the initial quarterly dividend period beginning on November 25, 2023 and on the 30th day prior to the first day of each subsequent quarterly dividend period (the initial quarterly dividend period and each subsequent quarterly dividend period is referred to as a “Quarterly Floating Rate Period”), the Bank will determine the Quarterly Floating Dividend Rate for the ensuing Quarterly Floating Rate Period. The Quarterly Floating Dividend Rate will be equal to the sum of the T-Bill Rate plus 2.68% (calculated on the basis of the actual number of days elapsed in the applicable Quarterly Floating Rate Period divided by 365) determined on the 30th day prior to the first day of the applicable Quarterly Floating Rate Period.

If the Board of Directors does not declare a dividend, or any part thereof, on the Preferred Shares Series 45 on or before the dividend payment date for a particular quarter, then the entitlement of the holders of the Preferred Shares Series 45 to receive such dividend, or to any part thereof, for such quarter will be forever extinguished.

Redemption: Subject to the provisions of the Bank Act and to the prior consent of the Superintendent and to the provisions described below under the heading “Details of the Offering — Certain Provisions Common to the Preferred Shares Series 44 and the Preferred Shares Series 45 — Restrictions on Dividends and Retirement of Shares”, on not more than 60 nor less than 30 days’ notice, the Bank may redeem all or any part of the then outstanding Preferred Shares Series 45, at the Bank’s option without the consent of the holder, by the payment of an amount in cash for each such share so redeemed of (i) \$25.00 together with all declared and unpaid dividends to the date fixed for redemption in the case of redemptions on November 25, 2028 and on November 25 every five years thereafter, or (ii) \$25.50 together with all declared and unpaid dividends to the date fixed for redemption in the case of redemptions on any other date after November 25, 2023.

Conversion into Preferred Shares Series 44: Holders of Preferred Shares Series 45 will, subject to the automatic conversion provisions and the right of the Bank to redeem those shares, have the right, at their option, to convert, on November 25, 2028 and on November 25 every five years thereafter (a “Series 45 Conversion Date”), any or all of their Preferred Shares Series 45 into an equal number of Preferred Shares Series 44 upon giving to the Bank written notice thereof not earlier than 30 days prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series 45 Conversion Date.

Automatic Conversion Provisions: If the Bank determines, after having taken into account all shares tendered for conversion by holders of Preferred Shares Series 45 and Preferred Shares Series 44, as the case may be, that there would be outstanding on such Series 45 Conversion Date less than 1,000,000 Preferred Shares Series 45, such remaining number of Preferred Shares Series 45 will automatically be converted on such Series 45 Conversion Date into an equal number of Preferred Shares Series 44. Additionally, if the Bank determines that, after conversion, there would be outstanding on such Series 45 Conversion Date less than 1,000,000 Preferred Shares Series 44 then no Preferred Shares Series 45 will be converted into Preferred Shares Series 44.

Certain Characteristics Common to the Preferred Shares Series 44 and Preferred Shares Series 45

NVCC Automatic Conversion: Upon the occurrence of a Trigger Event (as defined herein), each outstanding Preferred Share Series 44 and, if issued, each outstanding Preferred Share Series 45 will automatically and immediately be converted, without the consent of the holders thereof, into that number of Common Shares (as defined herein) of the Bank determined by dividing \$25.00 plus any declared but unpaid dividends in respect of such Preferred Share Series 44 or Preferred Share Series 45 by the Conversion Price (as defined herein).

Voting Rights: Subject to the provisions of the Bank Act, the holders of the Preferred Shares Series 44 or the Preferred Shares Series 45 will not be entitled as such to receive notice of, attend, or vote at, any meeting of the shareholders of the Bank unless and until the first time at which the Board of Directors has not declared the whole dividend on the Preferred Shares Series 44 or the Preferred Shares Series 45 in any quarter. In that event, subject as hereinafter provided, the holders of Preferred Shares Series

44 or Preferred Shares Series 45 will be entitled to receive notice of, and to attend, meetings of shareholders at which directors of the Bank are to be elected and will be entitled to one vote for each Preferred Shares Series 44 or Preferred Shares Series 45 held. The voting rights of the holders of the Preferred Shares Series 44 or the Preferred Shares Series 45 will forthwith cease upon payment by the Bank of the first dividend on the Preferred Shares Series 44 or the Preferred Shares Series 45 to which the holders are entitled thereunder subsequent to the time such voting rights first arose until such time as the Bank may again fail to declare the whole dividend on the Preferred Shares Series 44 or the Preferred Shares Series 45 in respect of any quarter, in which event such voting rights will become effective again and so on from time to time.

Priority:

The preferred shares of each series of the Bank will rank on a parity with every other series and are entitled to preference over the Common Shares and over any other shares of the Bank ranking junior to the preferred shares with respect to the payment of dividends and upon any distribution of assets in the event of the liquidation, dissolution or winding-up of the Bank.

Tax on Preferred Share Dividends:

The Bank will elect, in the manner and within the time provided under Part VI.1 of the Act to pay tax at a rate such that holders of Preferred Shares Series 44 and Preferred Shares Series 45 will not be required to pay tax on dividends received on such shares under Part IV.1 of such Act.

CAPITALIZATION

DETAILS OF THE OFFERING

The Preferred Shares Series 44 and the Preferred Shares Series 45 (if issued) will each be issued as a series of preferred shares of the Bank. See the description of the preferred shares of the Bank as a class under the heading "Description of Preferred Shares" in the Prospectus. The following is a summary of the rights, privileges, restrictions and conditions of or attaching to the Preferred Shares Series 44 as a series, and the Preferred Shares Series 45 as a series.

Certain Provisions of the Preferred Shares Series 44 as a Series

Definition of Terms

The following definitions are relevant to the Preferred Shares Series 44.

"Annual Fixed Dividend Rate" means, for any Subsequent Fixed Rate Period, the rate of interest (expressed as a percentage rate rounded down to the nearest one hundred thousandth of one percent (with 0.000005% being rounded up)) equal to the sum of the Government of Canada Yield on the applicable Fixed Rate Calculation Date plus 2.68%.

"Bloomberg Screen GCAN5YR Page" means the display designated as page "GCAN5YR<INDEX>" on the Bloomberg Financial L.P. service (or such other page as may replace the GCAN5YR page on that service) for purposes of displaying Government of Canada Bond yields.

"Fixed Rate Calculation Date" means, for any Subsequent Fixed Rate Period, the 30th day prior to the first day of such Subsequent Fixed Rate Period.

"Government of Canada Yield" on any date means the yield to maturity on such date (assuming semi-annual compounding) of a Canadian dollar denominated non-callable Government of Canada bond with a term to maturity of five years as quoted as of 10:00 a.m. (Toronto time) on such date and which appears on the Bloomberg Screen GCAN5YR Page on such date; provided that, if such rate does not appear on the Bloomberg Screen GCAN5YR Page on such date, the Government of Canada Yield will mean the average of the yields determined by two registered Canadian investment dealers, other than BMO Nesbitt Burns Inc., selected by the Bank, as being the yield to maturity on such date (assuming semi-annual compounding) which a Canadian dollar denominated non-callable Government of

Canada bond would carry if issued in Canadian dollars at 100% of its principal amount on such date with a term to maturity of five years.

“**Initial Fixed Rate Period**” means the period from and including the closing date to, but excluding, November 25, 2023.

“**Subsequent Fixed Rate Period**” means for the initial Subsequent Fixed Rate Period, the period from and including November 25, 2023 to, but excluding, November 25, 2028, and for each succeeding Subsequent Fixed Rate Period, the period from and including the day immediately following the end of the immediately preceding Subsequent Fixed Rate Period to, but excluding, November 25 in the fifth year thereafter.

Dividends

During the Initial Fixed Rate Period, the holders of the Preferred Shares Series 44 will be entitled to receive fixed quarterly non-cumulative preferential cash dividends, as and when declared by the Board of Directors, subject to the provisions of the Bank Act, on the 25th day of February, May, August and November in each year, at a rate equal to \$1.2125 per share per annum. The initial dividend, if declared, will be payable on February 25, 2019 and will be \$0.53483 per share, based on the anticipated closing date of September 17, 2018.

During each Subsequent Fixed Rate Period after the Initial Fixed Rate Period, the holders of Preferred Shares Series 44 will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the Board of Directors, subject to the provisions of the Bank Act, payable quarterly on the 25th day of February, May, August and November in each year, in the amount per share per annum determined by multiplying the Annual Fixed Dividend Rate applicable to such Subsequent Fixed Rate Period by \$25.00.

The Annual Fixed Dividend Rate applicable to a Subsequent Fixed Rate Period will be determined by the Bank on the Fixed Rate Calculation Date. Such determination will, in the absence of manifest error, be final and binding upon the Bank and upon all holders of Preferred Shares Series 44. The Bank will, on the Fixed Rate Calculation Date, give written notice of the Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period to the registered holders of the then outstanding Preferred Shares Series 44.

If the Board of Directors does not declare a dividend, or any part thereof, on the Preferred Shares Series 44 on or before the dividend payment date for a particular quarter, then the entitlement of the holders of the Preferred Shares Series 44 to receive such dividend, or to any part thereof, for such quarter will be forever extinguished.

Redemptions

The Preferred Shares Series 44 will not be redeemable prior to November 25, 2023. Subject to the provisions of the Bank Act and to the prior consent of the Superintendent and to the provisions described below under the heading “Restrictions on Dividends and Retirement of Shares”, on November 25, 2023 and on November 25 every five years thereafter, the Bank may redeem all or any part of the then outstanding Preferred Shares Series 44, at the Bank’s option without the consent of the holder, by the payment of an amount in cash for each such share so redeemed of \$25.00 together with all declared and unpaid dividends to the date fixed for redemption.

Notice of any redemption will be given by the Bank at least 30 days and not more than 60 days prior to the date fixed for redemption. If less than all the outstanding Preferred Shares Series 44 are at any time to be redeemed, the shares to be redeemed will be redeemed pro rata, disregarding fractions. Reference is also made to the provisions described in the Prospectus under the heading “Bank Act Restrictions and Approvals”.

Conversion of Preferred Shares Series 44 into Preferred Shares Series 45

Holders of Preferred Shares Series 44 will have the right, at their option, on November 25, 2023 and on November 25 every five years thereafter (a “Series 44 Conversion Date”) to convert, subject to the restrictions on conversion described below and the payment or delivery to the Bank of evidence of payment of the tax (if any) payable, all or any of their Preferred Shares Series 44 registered in their name into Preferred Shares Series 45 on the basis of one Preferred Share Series 45 for each Preferred Share Series 44. The conversion of Preferred Shares Series 44 may be effected upon notice delivered by the holders of Preferred Shares Series 44 not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series 44 Conversion Date.

The Bank will, at least 30 days and not more than 60 days prior to the applicable Series 44 Conversion Date, give notice in writing to the then registered holders of the Preferred Shares Series 44 of the above mentioned conversion right. On the 30th day prior to each Series 44 Conversion Date, the Bank will give notice in writing to the then registered holders of the Preferred Shares Series 44 of the Annual Fixed Dividend Rate for the next succeeding Subsequent Fixed Rate Period.

Holders of Preferred Shares Series 44 will not be entitled to convert their shares into Preferred Shares Series 45 if the Bank determines that there would remain outstanding on a Series 44 Conversion Date less than 1,000,000 Preferred Shares Series 45, after having taken into account all Preferred Shares Series 44 tendered for conversion into Preferred Shares Series 45 and all Preferred Shares Series 45 tendered for conversion into Preferred Shares Series 44. The Bank will give notice in writing thereof to all registered holders of Preferred Shares Series 44 at least seven days prior to the applicable Series 44 Conversion Date. Furthermore, if the Bank determines that there would remain outstanding on a Series 44 Conversion Date less than 1,000,000 Preferred Shares Series 44, after having taken into account all Preferred Shares Series 44 tendered for conversion into Preferred Shares Series 45 and all Preferred Shares Series 45 tendered for conversion into Preferred Shares Series 44, then, all, but not part, of the remaining outstanding Preferred Shares Series 44 will automatically be converted into Preferred Shares Series 45 on the basis of one Preferred Share Series 45 for each Preferred Share Series 44 on the applicable Series 44 Conversion Date and the Bank will give notice in writing thereof to the then registered holders of such remaining Preferred Shares Series 44 at least seven days prior to the Series 44 Conversion Date.

Upon exercise by the holder of this right to convert Preferred Shares Series 44 into Preferred Shares Series 45, the Bank reserves the right not to issue Preferred Shares Series 45 to any person whose address is in, or whom the Bank or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada, to the extent that such issue would require the Bank to take any action to comply with the securities, banking or analogous laws of such jurisdiction. See also “Bank Act Restrictions and Approvals” and “Additional Restrictions on Declaration of Dividends” in the Prospectus.

If the Bank gives notice to the registered holders of the Preferred Shares Series 44 of the redemption of all the Preferred Shares Series 44, the Bank will not be required to give notice as provided hereunder to the registered holders of the Preferred Shares Series 44 of an Annual Fixed Dividend Rate or of the conversion right of holders of Preferred Shares Series 44 and the right of any holder of Preferred Shares Series 44 to convert such Preferred Shares Series 44 will cease and terminate in that event.

Certain Provisions of the Preferred Shares Series 45 as a Series

Definition of Terms

The following definitions are relevant to the Preferred Shares Series 45.

“**Floating Rate Calculation Date**” means, for any Quarterly Floating Rate Period, the 30th day prior to the first day of such Quarterly Floating Rate Period.

“**Quarterly Commencement Date**” means the 25th day of February, May, August and November in each year.

“**Quarterly Floating Dividend Rate**” means, for any Quarterly Floating Rate Period, the rate (expressed as a percentage rate rounded down to the nearest one hundred thousandth of one percent (with 0.000005% being rounded up)) equal to the sum of the T-Bill Rate on the applicable Floating Rate Calculation Date plus 2.68% (calculated on the basis of the actual number of days elapsed in such Quarterly Floating Rate Period divided by 365).

“**Quarterly Floating Rate Period**” means, for the initial Quarterly Floating Rate Period, the period from and including November 25, 2023 to, but excluding, the next Quarterly Commencement Date, and thereafter the period from and including the day immediately following the end of the immediately preceding Quarterly Floating Rate Period to, but excluding, the next succeeding Quarterly Commencement Date.

“**T-Bill Rate**” means, for any Quarterly Floating Rate Period, the average yield expressed as a percentage per annum on three-month Government of Canada Treasury Bills, as reported by the Bank of Canada, for the most recent treasury bills auction preceding the applicable Floating Rate Calculation Date.

Issue Price

The Preferred Shares Series 45 will have an issue price of \$25.00 per share.

Dividends

The holders of the Preferred Shares Series 45 will be entitled to receive floating rate non-cumulative preferential cash dividends as and when declared by the Board of Directors, subject to the provisions of the Bank Act, payable quarterly on the 25th day of February, May, August and November in each year, in the amount per share determined by multiplying the applicable Quarterly Floating Dividend Rate by \$25.00.

The Quarterly Floating Dividend Rate for each Quarterly Floating Rate Period will be determined by the Bank on the 30th day prior to the first day of each Quarterly Floating Rate Period. Such determination will, in the absence of manifest error, be final and binding upon the Bank and upon all holders of Preferred Shares Series 45. The Bank will, on the Floating Rate Calculation Date, give written notice of the Quarterly Floating Dividend Rate for the ensuing Quarterly Floating Rate Period to all registered holders of the then outstanding Preferred Shares Series 45.

If the Board of Directors does not declare a dividend, or any part thereof, on the Preferred Shares Series 45 on or before the dividend payment date for a particular Quarterly Floating Rate Period, then the entitlement of the holders of the Preferred Shares Series 45 to receive such dividend, or to any part thereof, for such Quarterly Floating Rate Period will be forever extinguished.

Redemption

Subject to the provisions of the Bank Act and to the prior consent of the Superintendent and to the provisions described below under the heading “Restrictions on Dividends and Retirement of Shares”, on not more than 60 nor less than 30 days’ notice, the Bank may redeem all or any part of the then outstanding Preferred Shares Series 45, at the Bank’s option without the consent of the holder, by the payment of an amount in cash for each such share so redeemed of (i) \$25.00 together with all declared and unpaid dividends to the date fixed for redemption in the case of redemptions on November 25, 2028 and on November 25 every five years thereafter, or (ii) \$25.50 together with all declared and unpaid dividends to the date fixed for redemption in the case of redemptions on any other date after November 25, 2023.

Notice of any redemption will be given by the Bank at least 30 days and not more than 60 days prior to the date fixed for redemption. If less than all the outstanding Preferred Shares Series 45 are at any time to be redeemed, the shares to be redeemed will be redeemed pro rata, disregarding fractions. Reference is also made to the provisions described in the Prospectus under the heading “Bank Act Restrictions and Approvals”.

Conversion of Preferred Shares Series 45 into Preferred Shares Series 44

Holders of Preferred Shares Series 45 will have the right, at their option, on November 25, 2028 and on November 25 every five years thereafter (a “Series 45 Conversion Date”), to convert, subject to the restrictions on conversion described below and the payment or delivery to the Bank of evidence of payment of the tax (if any) payable, all or any of their Preferred Shares Series 45 registered in their name into Preferred Shares Series 44 on the basis of one Preferred Share Series 44 for each Preferred Share Series 45. The conversion of Preferred Shares Series 45 may be effected upon notice delivered by the holders of Preferred Shares Series 45 not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series 45 Conversion Date.

The Bank will, at least 30 days and not more than 60 days prior to the applicable Series 45 Conversion Date, give notice in writing to the then holders of the Preferred Shares Series 45 of the above mentioned conversion right. On the 30th day prior to each Series 45 Conversion Date, the Bank will give notice in writing to the then registered holders of Preferred Shares Series 45 of the Annual Fixed Dividend Rate for the next succeeding Subsequent Fixed Rate Period in respect of Preferred Shares Series 44.

Holders of Preferred Shares Series 45 will not be entitled to convert their shares into Preferred Shares Series 44 if the Bank determines that there would remain outstanding on a Series 45 Conversion Date less than 1,000,000 Preferred Shares Series 44, after having taken into account all Preferred Shares Series 45 tendered for conversion into Preferred Shares Series 44 and all Preferred Shares Series 44 tendered for conversion into Preferred Shares Series 45. The Bank will give notice in writing thereof to all registered holders of the Preferred Shares Series 45 at least seven days prior to the applicable Series 45 Conversion Date. Furthermore, if the Bank determines that there would remain outstanding on a Series 45 Conversion Date less than 1,000,000 Preferred Shares Series 45, after having taken into account all Preferred Shares Series 45 tendered for conversion into Preferred Shares Series 44 and all Preferred Shares Series 44 tendered for conversion into Preferred Shares Series 45, then, all, but not part, of the remaining outstanding Preferred Shares Series 45 will automatically be converted into Preferred Shares Series 44 on the basis of one Preferred Share Series 44 for each Preferred Share Series 45 on the applicable Series 45 Conversion Date.

and the Bank will give notice in writing thereof to the then registered holders of such remaining Preferred Shares Series 45 at least seven days prior to the Series 45 Conversion Date.

Upon exercise by the holder of this right to convert Preferred Shares Series 45 into Preferred Shares Series 44, the Bank reserves the right not to issue Preferred Shares Series 44 to any person whose address is in, or whom the Bank or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada, to the extent that such issue would require the Bank to take any action to comply with the securities, banking or analogous laws of such jurisdiction. See also “Bank Act Restrictions and Approvals” and “Additional Restrictions on Declaration of Dividends” in the Prospectus.

If the Bank gives notice to the registered holders of the Preferred Shares Series 45 of the redemption of all the Preferred Shares Series 45, the Bank will not be required to give notice as provided hereunder to the registered holders of the Preferred Shares Series 45 of an Annual Fixed Dividend Rate or of the conversion right of holders of Preferred Shares Series 45 and the right of any holder of Preferred Shares Series 45 to convert such Preferred Shares Series 45 will cease and terminate in that event.

Certain Provisions Common to the Preferred Shares Series 44 and the Preferred Shares Series 45

NVCC Automatic Conversion

Upon the occurrence of a Trigger Event (as defined below), each outstanding Preferred Shares Series 44 and each outstanding Preferred Shares Series 45 will automatically and immediately be converted, on a full and permanent basis, without the consent of the holder thereof, into a number of fully-paid and freely tradable Common Shares equal to $(\text{Multiplier} \times \text{Share Value}) \div \text{Conversion Price}$ (an “NVCC Automatic Conversion”). For the purposes of the foregoing:

“**Conversion Price**” means the greater of (i) the Floor Price (as defined below), and (ii) the Current Market Price.

“**Current Market Price**” means the volume weighted average trading price of the Common Shares on the TSX or, if not then listed on the TSX, on another exchange or market chosen by the board of directors of the Bank on which the Common Shares are then traded, for the 10 consecutive trading days ending on the trading day immediately prior to the date on which the Trigger Event occurs (with the conversion occurring as of the start of business on the date on which the Trigger Event occurs). If no such trading prices are available, “Current Market Price” shall be the Floor Price.

“**Floor Price**” means \$5.00 subject to adjustment in the event of (i) the issuance of Common Shares or securities exchangeable for or convertible into Common Shares to all holders of Common Shares as a stock dividend, (ii) the subdivision, redivision or change of the Common Shares into a greater number of Common Shares, or (iii) the reduction, combination or consolidation of the Common Shares into a lesser number of Common Shares. The adjustment shall be calculated to the nearest one-tenth of one cent provided that no adjustment of the Conversion Price shall be required unless such adjustment would require an increase or decrease of at least 1% of the Conversion Price then in effect; provided, however, that in such case any adjustment that would otherwise be required to be made will be carried forward and will be made at the time of and together with the next subsequent adjustment which, together with any adjustments so carried forward, will amount to at least 1% of \$5.00.

“**Multiplier**” means 1.0.

“**Share Value**” means \$25.00 plus declared and unpaid dividends as at the date of the Trigger Event.

“**Trigger Event**” has the meaning set out in the Office of the Superintendent of Financial Institutions Canada (“OSFI”), Guideline for Capital Adequacy Requirements (CAR), Chapter 2 - Definition of Capital, effective April 2018, as such term may be amended or superseded by OSFI from time to time, which term currently provides that each of the following constitutes a Trigger Event:

- the Superintendent publicly announces that the Bank has been advised, in writing, that the Superintendent is of the opinion that the Bank has ceased, or is about to cease, to be viable and that, after the conversion or write-off, as applicable, of all contingent instruments and taking into account any other factors or circumstances that are considered relevant or appropriate, it is reasonably likely that the viability of the Bank will be restored or maintained; or
- a federal or provincial government in Canada publicly announces that the Bank has accepted or agreed to accept a capital injection, or equivalent support, from the federal government or any provincial government or political

subdivision or agent or agency thereof without which the Bank would have been determined by the Superintendent to be non-viable.

In any case where the aggregate number of Common Shares to be issued to a holder of Preferred Shares Series 44 or Preferred Shares Series 45 pursuant to an NVCC Automatic Conversion includes a fraction of a Common Share, such number of Common Shares to be issued to such holder shall be rounded down to the nearest whole number of Common Shares and no cash payment shall be made in lieu of such fractional Common Share. Notwithstanding any other provision of the Preferred Shares Series 44 or the Preferred Shares Series 45, the conversion of such shares shall not be an event of default and the only consequence of a Trigger Event under the provisions of such shares will be the conversion of such shares into Common Shares.

In the event of a capital reorganization, consolidation, merger or amalgamation of the Bank or comparable transaction affecting the Common Shares, the Bank will take necessary action to ensure that holders of the Preferred Shares Series 44 or the Preferred Shares Series 45, as applicable, receive, pursuant to an NVCC Automatic Conversion, the number of Common Shares or other securities that such holders would have received if the NVCC Automatic Conversion occurred immediately prior to the record date for such event.

Right Not to Deliver Common Shares upon NVCC Automatic Conversion

Upon an NVCC Automatic Conversion, the Bank reserves the right not to deliver some or all, as applicable, of the Common Shares issuable thereupon to any Ineligible Person (as defined below) or any person who, by virtue of the operation of the NVCC Automatic Conversion, would become a Significant Shareholder (as defined below) through the acquisition of Common Shares. In such circumstances, the Bank will hold, as agent for such persons, the Common Shares that would have otherwise been delivered to such persons and will attempt to facilitate the sale of such Common Shares to parties other than the Bank and its affiliates on behalf of such persons through a registered dealer to be retained by the Bank on behalf of such persons. Those sales (if any) may be made at any time and at any price. The Bank will not be subject to any liability for failure to sell such Common Shares on behalf of such persons or at any particular price on any particular day. The net proceeds received by the Bank from the sale of any such Common Shares will be divided among the applicable persons in proportion to the number of Common Shares that would otherwise have been delivered to them upon the NVCC Automatic Conversion after deducting the costs of sale and any applicable withholding taxes. For the purposes of the foregoing:

“**Ineligible Person**” means (i) any person whose address is in, or whom the Bank or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada to the extent that the issuance by the Bank of Common Shares or delivery of such shares by its transfer agent to that person, pursuant to an NVCC Automatic Conversion, would require the Bank to take any action to comply with securities, banking or analogous laws of that jurisdiction, and (ii) any person to the extent that the issuance by the Bank of Common Shares, or delivery of such shares by its transfer agent to that person, pursuant to an NVCC Automatic Conversion, would, at the time of the Trigger Event, cause the Bank to be in violation of any law to which the Bank is subject.

“**Significant Shareholder**” means any person who beneficially owns directly, or indirectly through entities controlled by such person or persons associated with or acting jointly or in concert with such person, a percentage of the total number of outstanding shares of a class of the Bank that is in excess of that permitted by the Bank Act.

Purchase for Cancellation

Subject to the provisions of the Bank Act, the prior consent of the Superintendent and the provisions described below under the heading “Restrictions on Dividends and Retirement of Shares”, the Bank may at any time purchase for cancellation any of the Preferred Shares Series 44 or any of the Preferred Shares Series 45 in the open market at the lowest price or prices at which in the opinion of the Board of Directors such shares are obtainable.

Restrictions on Dividends and Retirement of Shares

So long as any of the Preferred Shares Series 44 or any of the Preferred Shares Series 45 are outstanding, the Bank will not, without the approval of the holders of the relevant series:

- (a) declare, pay or set apart for payment any dividends on the Common Shares or any other shares ranking junior to the Preferred Shares Series 44 or the Preferred Shares Series 45 (other than stock dividends payable in shares of the Bank ranking junior to the Preferred Shares Series 44 or the Preferred Shares Series 45);

- (b) redeem, purchase or otherwise retire any Common Shares or any other shares ranking junior to the Preferred Shares Series 44 or the Preferred Shares Series 45 (except out of the net cash proceeds of a substantially concurrent issue of shares ranking junior to the Preferred Shares Series 44 or the Preferred Shares Series 45);
- (c) redeem, purchase or otherwise retire less than all the Preferred Shares Series 44 or the Preferred Shares Series 45 then outstanding; or
- (d) except pursuant to any purchase obligation, sinking fund, retraction privilege or mandatory redemption provisions attaching to any series of preferred shares of the Bank (the “Preferred Shares”), redeem, purchase or otherwise retire any other shares ranking on a parity with the Preferred Shares Series 44 or the Preferred Shares Series 45,

unless, in each such case, all dividends up to and including the dividend payment date for the last completed period for which dividends will be payable will have been declared and paid or set apart for payment in respect of each series of cumulative Preferred Shares then issued and outstanding and on all other cumulative shares ranking on a parity with the Class B preferred shares of the Bank and there will have been paid or set apart for payment all declared dividends in respect of each series of non-cumulative Preferred Shares (including the Preferred Shares Series 44 or the Preferred Shares Series 45) then issued and outstanding and on all other non-cumulative shares ranking on a parity with the Class B preferred shares of the Bank.

Issue of Additional Series of Preferred Shares

Subject to the restrictions described in the Prospectus under “Description of Preferred Shares — Certain Provisions of the Class B Preferred Shares as a Class — Creation and Issue of Shares”, the Bank may issue other series of Preferred Shares ranking on a parity with the Preferred Shares Series 44 and the Preferred Shares Series 45 without the authorization of the holders of either the Preferred Shares Series 44 or the Preferred Shares Series 45 as a series.

Amendments to Preferred Shares Series 44 or Preferred Shares Series 45

The Bank will not, without the approval of the holders of the Preferred Shares Series 44 or the Preferred Shares Series 45, as applicable, given as specified below under “Shareholder Approvals”, delete or vary any rights, privileges, restrictions and conditions attaching to the Preferred Shares Series 44 or the Preferred Shares Series 45, as applicable. In addition to the aforementioned approval, the Bank will not without, but may from time to time with, the prior approval of the Superintendent, make any such deletion or variation which might affect the classification afforded the Preferred Shares Series 44 or the Preferred Shares Series 45 from time to time for capital adequacy requirements pursuant to the Bank Act and the regulations and guidelines thereunder.

Shareholder Approvals

The approval of any amendments to the rights, privileges, restrictions and conditions attaching to the Preferred Shares Series 44 or the Preferred Shares Series 45 may be given by a resolution carried by the affirmative vote of not less than 66 2/3% of the votes cast at a meeting of holders of applicable series, at which a majority of the outstanding holders of the applicable series is represented or, if no such quorum is present at the meeting, at a meeting following such adjourned meeting at which no quorum would apply.

In addition to the aforementioned approval, any amendments to the rights, privileges, restrictions and conditions attaching to the Preferred Shares Series 44 or the Preferred Shares Series 45 that affect the classification afforded to the Preferred Shares Series 44 or the Preferred Shares Series 45 from time to time for capital adequacy requirements pursuant to the Bank Act and the regulations and guidelines thereunder can only be made with the consent of the Superintendent.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of the Bank, where a Trigger Event has not occurred, the holders of the Preferred Shares Series 44 or the Preferred Shares Series 45 will be entitled to receive \$25.00 per share together with all dividends declared and unpaid to the date of payment before any amount will be paid or any assets of the Bank distributed to the holders of any shares ranking junior to the Preferred Shares Series 44 or the Preferred Shares Series 45. The holders of the Preferred Shares Series 44 or the Preferred Shares Series 45 will not be entitled to share in any further distribution of the property or assets of the Bank.

Voting Rights

Subject to the provisions of the Bank Act, the holders of Preferred Shares Series 44 or the Preferred Shares Series 45 as such will not be entitled to receive notice of, attend, or vote at, any meeting of the shareholders of the Bank unless and until the first time at which the Board of Directors has not declared the whole dividend on the Preferred Shares Series 44 or the Preferred Shares Series 45 in respect of any quarter. In that event, the holders of the relevant series will be entitled to receive notice of, and to attend, meetings of shareholders at which directors of the Bank are to be elected and will be entitled to one vote for each Preferred Share Series 44 or Preferred Share Series 45 held. The voting rights of the holders of the relevant series will forthwith cease upon payment by the Bank of the first dividend on the shares of such series to which the holders are entitled subsequent to the time such voting rights first arose until such time as the Bank may again fail to declare the whole dividend on the shares of such series in respect of any quarter, in which event such voting rights will become effective again and so on from time to time.

In connection with any action to be taken by the Bank which requires the approval of the holders of Preferred Shares Series 44 or the Preferred Shares Series 45 voting as a series or as part of the class, each such share will entitle the holder thereof to one vote.

Tax Election

The Preferred Shares Series 44 and the Preferred Shares Series 45 will be “taxable preferred shares” as defined in the Act for purposes of the tax under Part IV.1 of the Act applicable to certain corporate holders of such shares. The terms of the Preferred Shares Series 44 or the Preferred Shares Series 45 will require the Bank to make the necessary election under Part VI.1 of the Act so that corporate holders will not be subject to the tax under Part IV.1 of the Act on dividends received (or deemed to be received) on the Preferred Shares Series 44 or the Preferred Shares Series 45.

Business Days

If any action is required to be taken by the Bank on a day that is not a business day, then such action will be taken on the next succeeding day that is a business day.

EARNINGS COVERAGE RATIOS

The consolidated financial ratios for the Bank set forth in the table below calculated for the 12 months ended October 31, 2017 and July 31, 2018, respectively, are presented on a *pro forma* as adjusted basis, which gives effect to (i) the Preferred Shares Series 16 Redemption, (ii) the Preferred Shares Series 17 Redemption, (iii) the issuance by the Bank of US\$1,250,000,000 of 3.80% subordinated indebtedness under its U.S. medium-term note program on December 12, 2017 (the “U.S. Debt Issuance”), (iv) the redemption by the Bank all of its \$900,000,000 6.17% Series F Medium-Term Notes, First Tranche on March 28, 2018 (the “Series F Redemption”), and (v) the issuance of the Preferred Shares Series 44, as appropriate for each of the periods presented.

Interest and grossed up dividend coverage on subordinated indebtedness and preferred shares ⁽⁴⁾	16.86 times	14.59 times

Notes:

- (1) As at October 31, 2017 and July 31, 2018, there were no Class A Preferred Shares outstanding. The Class B Preferred Shares, Series 14 and 15 were redeemed on May 25, 2017. The Class B Preferred Shares Series 16 and 17 were redeemed on August 25, 2018. The Class B Preferred Shares, Series 40 and 42 were issued on March 9, 2017 and June 29, 2017, respectively.
- (2) With respect to the Preferred Shares Series 44, this calculation assumes the payment of a \$0.303125 dividend per Preferred Share Series 44 for each of the four quarterly periods during the respective 12-month period.
- (3) As adjusted to give effect to the U.S. Debt Issuance and the Series F Redemption.
- (4) As adjusted to give effect to the issuance of the Preferred Shares Series 44 and the redemption of the Class B Preferred Shares, Series 16 and Series 17.

In calculating the dividend and interest coverages, foreign currency amounts have been converted to Canadian dollars using rates of exchange as at the end of each month. For the 12 month period ended October 31, 2017, the average of such exchange rates was \$1.3073 per US\$1.00. For the 12 month period ended July 31, 2018, the average of such exchange rates was \$1.2772 per US\$1.00.

The Bank’s dividend requirements on all of its preferred shares amounted to (i) \$241.8 million for the 12 months ended October 31, 2017, adjusted to a before-tax equivalent using an effective tax rate of 19.5%, and (ii) \$270.7 million for the 12 months ended July 31, 2018, adjusted to a before-tax equivalent using an effective tax rate of 26.6%. The Bank’s interest requirements for its long-term debt and grossed up dividends on its preferred shares for (i) the 12 months ended October 31, 2017 amounted to \$403.3 million, and (ii) the 12 months ended July 31, 2018 amounted to \$479.1 million. The Bank’s earnings before interest and income tax for (i) the 12 months ended October 31, 2017 amounted to \$6,799.2 million, which was 16.86 times the Bank’s aggregate dividend and interest requirements for this period, and (ii) the 12 months ended July 31, 2018 amounted to \$6,990.2 million, which was 14.59 times the Bank’s aggregate dividend and interest requirements for this period. The foregoing figures have been calculated after giving effect to the Preferred Shares Series 16 Redemption, the Preferred Shares Series 17 Redemption, the U.S. Debt Issuance, the Series F Redemption and the issuance of the Preferred Shares Series 44, as appropriate for each of the periods presented.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Osler, Hoskin & Harcourt LLP and McCarthy Tétrault LLP, the following is a summary of the principal Canadian federal income tax considerations generally applicable to a purchaser who acquires Preferred Shares Series 44 pursuant to this prospectus supplement, Preferred Shares Series 45 on a conversion of Preferred Shares Series 44, and Common Shares on an NVCC Automatic Conversion, and who, for purposes of the Act and at all relevant times, is or is deemed to be resident in Canada, deals at arm's length with the Bank and the Underwriters, is not affiliated with the Bank and holds the Preferred Shares Series 44 and any Preferred Shares Series 45 and Common Shares as capital property. Generally, the Preferred Shares Series 44, Preferred Shares Series 45 and Common Shares will be capital property to a holder provided the holder does not acquire or hold those Preferred Shares Series 44, Preferred Shares Series 45 or Common Shares in the course of carrying on a business or as part of an adventure or concern in the nature of trade. Certain holders, whose Preferred Shares Series 44, Preferred Shares Series 45 or Common Shares might not otherwise be capital property, may, in certain circumstances, be entitled to have them and all other "Canadian securities", as defined in the Act, owned by such holder in the taxation year in which the election is made, and in all subsequent taxation years, deemed to be capital property by making the irrevocable election permitted by subsection 39(4) of the Act.

This summary is not applicable to a purchaser an interest in which is a "tax shelter investment", that is a "financial institution" for purposes of the "mark-to-market" rules, to which the "functional currency" reporting rules apply, or that enters into, with respect to the Preferred Shares Series 44, Preferred Shares Series 45 or Common Shares, a "derivative forward agreement", each as defined in the Act. Such purchasers should consult their own tax advisors. Furthermore, this summary is not applicable to a purchaser that is a "specified financial institution" (as defined in the Act) that receives or is deemed to receive, alone or together with persons with whom it does not deal at arm's length, in the aggregate dividends in respect of more than 10% of the Preferred Shares Series 44 or Preferred Shares Series 45, as the case may be, outstanding at the time the dividend is received. This summary also assumes that all issued and outstanding Preferred Shares Series 44 or Preferred Shares Series 45 are listed on a designated stock exchange in Canada (as defined in the Act, such as the TSX) at such times as dividends (including deemed dividends) are paid or received on the Preferred Shares Series 44 or Preferred Shares Series 45, respectively.

This summary is based upon the current provisions of the Act and the regulations thereunder (the "Regulations"), and counsel's understanding of the current administrative and assessing practices and policies of the Canada Revenue Agency published in writing prior to the date hereof. This summary takes into account all specific proposals to amend the Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the "Proposed Amendments") and assumes that all Proposed Amendments will be enacted in the form proposed. However, no assurances can be given that the Proposed Amendments will be enacted as proposed, or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative or assessing practice, whether by legislative, governmental, administrative or judicial decision or action, nor does it take into account or consider any provincial, territorial or foreign tax considerations.

This summary is of a general nature only and is not intended to be, nor should it be construed as, legal or tax advice to any particular purchaser. This summary is not exhaustive of all Canadian federal income tax considerations.

Accordingly, prospective purchasers are urged to consult their own tax advisors with respect to their particular circumstances.

Dividends

Dividends (including deemed dividends) received on the Preferred Shares Series 44, Preferred Shares Series 45 or Common Shares by an individual (other than certain trusts) will be included in the individual's income and will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received from taxable Canadian corporations, including the enhanced gross-up and dividend tax credit rules applicable to any dividends designated by the Bank as eligible dividends in accordance with the provisions of the Act. Dividends (including deemed dividends) on the Preferred Shares Series 44, Preferred Shares Series 45 or Common Shares received by a corporation will be included in computing income and will generally be deductible in computing the taxable income of the corporation.

The Preferred Shares Series 44 and Preferred Shares Series 45 will be "taxable preferred shares" as defined in the Act. The terms of the Preferred Shares Series 44 and Preferred Shares Series 45 require the Bank to make the necessary election under Part VI.1 of the Act so that corporate shareholders will not be subject to tax under Part IV.1 of the Act on dividends paid (or deemed to be paid) by the Bank on the Preferred Shares Series 44 and Preferred Shares Series 45.

A "private corporation", as defined in the Act, or any other corporation controlled (whether by reason of a beneficial interest in one or more trusts or otherwise) by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts) will generally be liable to pay a refundable tax under Part IV of the Act on dividends received (or deemed to be received) on the Preferred Shares Series 44, Preferred Shares Series 45 or Common Shares to the extent such dividends are deductible in computing its taxable income for the year.

Dispositions

Generally, on a disposition of a Preferred Share Series 44, Preferred Share Series 45 or Common Share (which includes the redemption of the shares for cash but not a conversion), the holder will realize a capital gain (or sustain a capital loss) to the extent that the proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such share to the holder thereof immediately before the disposition or deemed disposition. The amount of any deemed dividend arising on the redemption, acquisition or cancellation by the Bank of a Preferred Share Series 44, Preferred Share Series 45 or Common Share, as the case may be, will generally not be included in a holder's proceeds of disposition for purposes of computing the capital gain or loss arising on the disposition of such share (see "Redemption" below).

If the shareholder is a corporation, the amount of any capital loss may in certain circumstances be reduced by the amount of any dividends, including deemed dividends, which have been received on such shares to the extent and in the manner provided for in the Act. Similar rules may apply where a Preferred Share Series 44, Preferred Share Series 45 or Common Share is owned by a partnership or trust of which a corporation, trust or partnership is a member or beneficiary. Such holders should consult their own advisors.

Generally, one-half of any capital gain realized by a holder in a taxation year will be included in computing the holder's income in that year as a taxable capital gain and one-half of any capital loss will be deducted from the holder's net taxable capital gains in the year. Any excess of allowable capital losses over taxable capital gains of the holder may be carried back up to three years and forward indefinitely and deducted against net taxable capital gains of the holder in those other years in accordance with the detailed rules in the Act.

Canadian controlled private corporations may be liable to pay an additional refundable tax on their "aggregate investment income" (which is defined in the Act to include an amount in respect of taxable capital gains, but not dividends or deemed dividends that are deductible in computing taxable income).

Redemption

If the Bank redeems for cash or otherwise acquires a Preferred Share Series 44, Preferred Share Series 45 or Common Share (other than on a conversion or by a purchase in the manner in which shares are normally purchased by a member of the public in the open market), the holder will be deemed to have received a dividend equal to the amount, if any, paid by the Bank in excess of the paid-up capital of such share at such time. Generally, the difference between the amount paid by the Bank and the amount of the deemed dividend will be treated as proceeds of disposition for the purposes of computing the capital gain or capital loss arising on the disposition of such share (see "Dispositions" above). In the case of a corporate shareholder, it is possible

that in certain circumstances all or part of the amount so deemed to be a dividend may be treated as proceeds of disposition and not as a dividend.

Conversion

The conversion of (i) a Preferred Share Series 44 into a Preferred Share Series 45 or a Common Share and (ii) a Preferred Share Series 45 into a Preferred Share Series 44 or a Common Share, will be deemed not to be a disposition of property and accordingly will not give rise to any capital gain or capital loss. The cost to a holder of a Preferred Share Series 45, Preferred Share Series 44 or Common Share, as the case may be, received on the conversion will be deemed to be equal to the holder's adjusted cost base of the Preferred Share Series 44 or Preferred Share Series 45, as the case may be, immediately before the conversion. The cost of a Preferred Share Series 44, Preferred Share Series 45 or Common Share, as the case may be, received on a conversion will be averaged with the adjusted cost base of all other identical shares held by the holder as capital property at such time for the purpose of determining the adjusted cost base of each such share.

Alternative Minimum Tax

A capital gain realized, or a dividend received or deemed to be received, by an individual or a trust (other than certain specified trusts) may give rise to a liability for alternative minimum tax.

RATINGS

The Preferred Shares Series 44 are rated "Pfd-2" with a Stable trend by DBRS Limited ("DBRS"). "Pfd-2" is in the second highest of six categories available from DBRS for preferred shares. Each rating category is denoted by the subcategories "high" and "low", and the absence of either a "high" or "low" designation indicates the rating is in the middle of the category. The rating trend indicates the direction in which DBRS considers the rating is headed should present tendencies continue, or in some cases, unless challenges are addressed. A rating trend that is Stable acts as a signal indicating that the rating is secure and that the trend is stable according to ongoing surveillance and performance updates.

The Preferred Shares Series 44 have a rating of "P-2 (low)" by S&P Global Ratings, acting through Standard & Poor's Ratings Services (Canada), a business unit of S&P Global Canada Corp. ("S&P"), using S&P's Canadian scale for preferred shares. The "P-2" rating is in the second highest of the eight categories used by S&P on its Canadian preferred share scale. A reference to "high" or "low" reflects the relative strength within the rating category.

The Preferred Shares Series 44 are rated "Baa3 (hyb)" by Moody's Canada Inc. ("Moody's"). The Baa rating assigned to the Preferred Shares Series 44 is the fourth highest of nine categories. The modifier "3" indicates a ranking in the lower end of the rating category. A "(hyb)" indicator is appended to all ratings of hybrid securities issued by banks, insurers, finance companies, and securities firms. By their terms, hybrid securities allow for the omission of scheduled dividends, interest, or principal payments, which can potentially result in impairment if such an omission occurs. Together with the hybrid indicator, the rating assigned to a hybrid security is an expression of the relative credit risk associated with that security.

The Bank has paid customary rating fees to DBRS, S&P or Moody's in connection with its issuer ratings, including the above-mentioned ratings. In addition, the Bank has made customary payments in respect of certain other services provided to the Bank by each of DBRS, S&P or Moody's during the last two years.

Prospective purchasers of Preferred Shares Series 44 should consult the relevant rating organization with respect to the interpretation and implications of the foregoing provisional ratings. The foregoing ratings should not be construed as recommendations to buy, sell or hold Preferred Shares Series 44. Ratings may be revised or withdrawn at any time by the respective rating organizations. The credit ratings do not address the market price or suitability of the Preferred Shares Series 44 for a particular investor. The credit ratings assigned to the Preferred Shares Series 44 may not reflect the potential impact of all risks on the value of the Preferred Shares Series 44. In addition, real or anticipated changes in the credit ratings assigned to the Preferred Shares Series 44 will generally affect the market value of the Preferred Shares Series 44. There can be no assurance that these ratings will remain in effect for any given period of time or that the ratings will not be revised or withdrawn entirely in the future by DBRS, S&P or Moody's if in their judgment circumstances so warrant. Prospective investors should consult DBRS, S&P or Moody's with respect to the interpretation and implications of the ratings.

PLAN OF DISTRIBUTION

Pursuant to an underwriting agreement dated September 10, 2018 among the Bank and the Underwriters (the “Underwriting Agreement”), the Bank has agreed to sell and the Underwriters have severally agreed to purchase on September 17, 2018 or such date as may be agreed upon, but not later than September 24, 2018, subject to the terms and conditions stated in the Underwriting Agreement, all but not less than all of the Preferred Shares Series 44 at a price of \$25.00 per share, payable in cash to the Bank against delivery of such Preferred Shares Series 44. The Underwriting Agreement provides that the Underwriters will be paid a fee per share equal to \$0.25 for each share sold to institutions and \$0.75 for each other share sold.

The obligations of the Underwriters under the Underwriting Agreement may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated upon the occurrence of certain stated events. The Underwriters are, however, obligated to take up and pay for all of the Preferred Shares Series 44 if any are purchased under the Underwriting Agreement.

After the Underwriters have made a reasonable effort to sell all of the Preferred Shares Series 44 at \$25.00 per share, the price of the Preferred Shares Series 44 may be decreased, and further changed from time to time, by the Underwriters to an amount not greater than \$25.00 per share and, in such case, the compensation realized by the Underwriters will be decreased by the amount that the aggregate price paid by purchasers for the Preferred Shares Series 44 is less than the gross proceeds paid by the Underwriters to the Bank.

Neither the Preferred Shares Series 44 nor Preferred Shares Series 45 have been, or will be, registered under the U.S. Securities Act, as amended, and, subject to certain exceptions, may not be offered or sold in the United States.

Pursuant to policy statements of certain securities regulators, the Underwriters may not, throughout the period of distribution, bid for or purchase any Preferred Shares Series 44. The policy statements allow certain exceptions to the foregoing prohibitions. The Underwriters may only avail themselves of such exceptions on the condition that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Preferred Shares Series 44. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules for Canadian Marketplaces of the Investment Industry Regulatory Organization of Canada, relating to market stabilization and passive market making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. Subject to the foregoing, in connection with this offering, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Preferred Shares Series 44 at levels other than those which otherwise might prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

Pursuant to an Ontario securities rule, the Underwriters may not, beginning on the date that the offering price was determined and throughout the period of distribution of the Preferred Shares Series 44, bid for or purchase Preferred Shares Series 44. The foregoing restriction is subject to certain exceptions. These exceptions include a bid or purchase permitted under the by-laws and rules of the TSX relating to market stabilization and passive market making activities, provided that the bid or purchase does not exceed the lesser of the offering price and the last independent sale price at the time of the entry of the bid or order to purchase, and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution, provided that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Preferred Shares Series 44. Pursuant to the first mentioned exception, in connection with this offering, the Underwriters may over-allot or effect transactions that stabilize or maintain the market price of the Preferred Shares Series 44 at levels other than those which might otherwise prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

The TSX has conditionally approved the listing of the Preferred Shares Series 44, the Preferred Shares Series 45 and the Common Shares issuable upon a Trigger Event subject to the Bank fulfilling all of the requirements of the TSX on or before December 5, 2018. The Bank has applied to list the Common Shares issuable upon the occurrence of a Trigger Event on the NYSE. Listing is subject to the Bank fulfilling all of the listing requirements of the NYSE and final approval is expected to be received prior to the anticipated closing date of September 17, 2018.

BMO Nesbitt Burns Inc. is a wholly owned subsidiary of the Bank. As a result, the Bank is a “related and connected issuer” of BMO Nesbitt Burns Inc. under applicable securities legislation. The decision to distribute the securities offered hereunder and the terms of this offering were negotiated at arm’s length between the Bank and the Underwriters (including National Bank Financial Inc. and Scotia Capital Inc., each of which is an “independent underwriter” pursuant to applicable securities legislation). Each of National Bank Financial Inc. and Scotia Capital Inc. participated in the drafting of this prospectus supplement, the pricing of the Preferred Shares Series 44 and the due diligence process in respect of this offering. BMO Nesbitt Burns Inc. will not receive any benefit in connection with this offering other than a portion of the Underwriters’ fee.

USE OF PROCEEDS

The net proceeds to the Bank from the sale of the Preferred Shares Series 44, after deducting estimated expenses of this offering and the Underwriters' fee, will be \$387,600,000 (assuming the Underwriters' fee is \$12,000,000 for all Preferred Shares Series 44 sold). The net proceeds from this offering will be used by the Bank for general banking purposes.

RISK FACTORS

An investment in Preferred Shares Series 44 of the Bank is subject to certain risks including those set out in the Prospectus. The sections entitled "Management's Discussion and Analysis" contained in the Bank's 2017 Annual Report and in the Bank's Third Quarter 2018 Report to Shareholders for the three and nine months ended July 31, 2018 are incorporated by reference in this prospectus supplement. Each of these analyses discusses, among other things, known material trends and events, and risks and uncertainties that are reasonably expected to have a material effect on the Bank's business, financial condition or results of operations.

The value of Preferred Shares Series 44 and the Preferred Shares Series 45 will be affected by the general creditworthiness of the Bank

Real or anticipated changes in credit ratings on the Preferred Shares Series 44 or the Preferred Shares Series 45, if any, may affect the market value of the Preferred Shares Series 44 and the Preferred Shares Series 45, respectively. An actual or anticipated downgrade in the credit ratings of the Bank or its securities by any rating agency could affect the market value or rating of the Preferred Shares Series 44 and the Preferred Shares Series 45, respectively. In addition, such actual or anticipated changes in the Bank's credit ratings could also affect the cost at which the Bank can transact or obtain funding, and thereby affect the Bank's liquidity, business, financial condition or results of operations.

The value of the Preferred Share Series 44 and the Preferred Shares Series 45 may be affected by market value fluctuations

The value of the Preferred Share Series 44 and the Preferred Shares Series 45 may be affected by market value fluctuations resulting from factors which influence the Bank's operations, including regulatory developments, competition and global market activity.

The Preferred Shares Series 44 and the Preferred Shares Series 45 are non-cumulative and there is a risk the Bank will be unable to pay dividends on the shares

The Preferred Shares Series 44 and the Preferred Shares Series 45 are non-cumulative and dividends are payable at the discretion of the Board of Directors. See "Earnings Coverage Ratios" in this prospectus supplement and "Bank Act Restrictions and Approvals" in the Prospectus, each of which are relevant to an assessment of the risk that the Bank will be unable to pay dividends on the Preferred Shares Series 44 or the Preferred Shares Series 45. If the Board of Directors does not declare a dividend, or any part thereof, on the Preferred Shares Series 44 or the Preferred Shares Series 45 on or before the dividend payment date for a particular quarter, then the entitlement of the holders of the Preferred Shares Series 44 or the Preferred Shares Series 45 to receive such dividend, or to any part thereof, for such quarter will be forever extinguished.

If a distribution is not paid on any outstanding BMO T1Ns — Series A, the Bank will not pay dividends on its outstanding Preferred Shares Series 44, Preferred Shares Series 45 and Common Shares

The Bank has covenanted that if the interest is not paid in cash on any outstanding BMO T1Ns — Series A issued by BMO Capital Trust II, the Bank will not pay dividends on its Common Shares or Preferred Shares, which would include the Preferred Shares Series 44 and Preferred Shares Series 45, for a specified period of time. See "Additional Restrictions on Declaration of Dividends" in the Prospectus.

Ranking on insolvency or winding-up

The Preferred Shares Series 44 and the Preferred Shares Series 45 are equity capital of the Bank. The Preferred Shares Series 44 rank, and the Preferred Shares Series 45 will, if issued, rank equally with other preferred shares of the Bank in the event of an insolvency or winding-up of the Bank. If the Bank becomes insolvent or is wound-up, the Bank's assets must be used to pay deposit liabilities and other debt, including subordinated debt, before payments may be made on the Preferred Shares Series 44 or the Preferred Shares Series 45, if any, and other Preferred Shares.

Automatic conversion into Common Shares upon a Trigger Event

Upon the occurrence of a Trigger Event and an NVCC Automatic Conversion, an investment in the Preferred Shares Series 44 or the Preferred Shares Series 45 will become an investment in Common Shares without the consent of the holder. After an NVCC Automatic Conversion, a holder of Preferred Shares Series 44 or Preferred Shares Series 45 will no longer have any rights as a preferred shareholder of the Bank and will only have rights as a holder of Common Shares. While the Preferred Shares Series 44, the Preferred Shares Series 45 and the Common Shares are all equity capital of the Bank, the claims of holders of Preferred Shares Series 44 and Preferred Shares Series 45 have certain priority of payment over the claims of holders of Common Shares. Given the nature of a Trigger Event, a holder of Preferred Shares Series 44 or Preferred Shares Series 45 will become a holder of Common Shares at a time when the Bank's financial condition has deteriorated. If the Bank were to become insolvent or wound-up after the occurrence of a Trigger Event, as a result of an NVCC Automatic Conversion, the holders of Common Shares may receive, if anything, substantially less than the holders of the Preferred Shares Series 44 or the Preferred Shares Series 45 might have received had the Preferred Shares Series 44 and the Preferred Shares Series 45 not been converted into Common Shares. An NVCC Automatic Conversion may also occur at a time when a federal or provincial government or other government agency in Canada has provided, or will provide, a capital injection or equivalent support, the terms of which may rank in priority to the Common Shares with respect to the payment of dividends, rights on liquidation or other terms.

A Trigger Event involves a subjective determination outside the Bank's control

The decision as to whether a Trigger Event will occur is a subjective determination by the Superintendent that the Bank has ceased, or is about to cease, to be viable and that the conversion of all contingent instruments is reasonably likely, taking into account any other factors or circumstances that are considered relevant or appropriate by the Superintendent, to restore or maintain the viability of the Bank. Such determination may be beyond the control of the Bank. See the definition of Trigger Event under "Details of the Offering".

OSFI has stated that the Superintendent will consult with the Canada Deposit Insurance Corporation, the Bank of Canada, the Department of Finance and the Financial Consumer Agency of Canada prior to making a non-viability determination. The conversion of contingent instruments alone may not be sufficient to restore an institution to viability and other public sector interventions, including liquidity assistance, would likely be used along with the conversion of contingent instruments to maintain an institution as a going concern.

In assessing whether the Bank has ceased, or is about to cease, to be viable and that, after the conversion of all contingent instruments, it is reasonably likely that the viability of the Bank will be restored or maintained, OSFI has stated that the Superintendent will consider, in consultation with the authorities referred to above, all relevant facts and circumstances. Those facts and circumstances may include, in addition to other public sector interventions, a consideration of whether, among other things:

- the assets of the Bank are, in the opinion of the Superintendent, sufficient to provide adequate protection to the Bank's depositors and creditors;
- the Bank has lost the confidence of depositors or other creditors and the public (for example, ongoing increased difficulty in obtaining or rolling over short-term funding);
- the Bank's regulatory capital has, in the opinion of the Superintendent, reached a level, or is eroding in a manner, that may detrimentally affect its depositors and creditors;
- the Bank has failed to pay any liability that has become due and payable or, in the opinion of the Superintendent, the Bank will not be able to pay its liabilities as they become due and payable;
- the Bank failed to comply with an order of the Superintendent to increase its capital;
- in the opinion of the Superintendent, any other state of affairs exists in respect of the Bank that may be materially prejudicial to the interests of the Bank's depositors or creditors or the owners of any assets under the Bank's administration; and
- the Bank is unable to recapitalize on its own through the issuance of Common Shares or other forms of regulatory capital (for example, no suitable investor or group of investors exists that is willing or capable of investing in sufficient quantity and on terms that will restore the Bank's viability, nor is there any reasonable prospect of such an investor emerging in the near-term in the absence of conversion of contingent instruments).

Upon the occurrence of a Trigger Event and an NVCC Automatic Conversion, the interests of depositors, other creditors of the Bank, and holders of securities of the Bank which are not contingent instruments will all rank in priority to the holders of contingent instruments, including the Preferred Shares Series 44 or the Preferred Shares Series 45. The Superintendent retains full discretion to choose not to trigger non-viable contingent capital notwithstanding a determination that the Bank has ceased, or is about to cease, to be viable. Under such circumstances, the holders of Preferred Shares Series 44 and Preferred Shares Series 45 may be exposed to losses through the use of other resolution tools or in liquidation.

Number and value of Common Shares to be received on an NVCC Automatic Conversion is variable

The number of Common Shares to be received for each Preferred Shares Series 44 and each Preferred Shares Series 45 is calculated by reference to the prevailing market price of Common Shares immediately prior to a Trigger Event, subject to the Floor Price. If there is an NVCC Automatic Conversion at a time when the Current Market Price of the Common Shares is below the Floor Price, investors will receive Common Shares with an aggregate market price less than the Share Value. Investors may also receive Common Shares with an aggregate market price less than the prevailing market price of the Preferred Shares Series 44 or the Preferred Shares Series 45 being converted if such shares are trading at a price above the Share Value.

The Bank is expected to have outstanding from time to time other preferred shares and subordinated debt that will automatically convert into Common Shares upon a Trigger Event. In the case of such subordinated debt, the number of Common Shares to be received on conversion will be calculated by reference to the principal amount of such debt, together with accrued and unpaid interest and, in order to take into account the hierarchy of claims in a liquidation, holders of subordinated debt are expected to receive economic entitlements which are more favourable than preferred shareholders. Subordinated debt that is convertible into Common Shares upon a Trigger Event will likely use, and other preferred shares that are convertible into Common Shares upon a Trigger Event may also use, a lower effective floor price (for example, using a different multiple) than that applicable to the Preferred Shares Series 44 and the Preferred Shares Series 45 to determine the maximum number of Common Shares to be issued to holders of such instruments upon an NVCC Automatic Conversion. Accordingly, holders of Preferred Shares Series 44 and Preferred Shares Series 45 will receive Common Shares pursuant to an NVCC Automatic Conversion at a time when subordinated debt is converted into Common Shares at a conversion rate that is more favourable to the holder of such instruments and other preferred shares are converted into Common Shares at a conversion rate that may be more favourable to the holder of such instruments, in each case, than the rate applicable to the Preferred Shares Series 44 and the Preferred Shares Series 45, thereby causing substantial dilution to holders of Common Shares and the holders of Preferred Shares Series 44 or Preferred Shares Series 45, who will become holders of Common Shares upon an NVCC Automatic Conversion.

Common Shares received on an NVCC Automatic Conversion may be subject to further dilution

In the circumstances surrounding a Trigger Event, the Superintendent or other governmental authorities or agencies may also require other steps to be taken to restore or maintain the viability of the Bank, the injection of new capital and the issuance of additional Common Shares or other securities. Accordingly, holders of Preferred Shares Series 44 and Preferred Shares Series 45 will receive Common Shares pursuant to an NVCC Automatic Conversion at a time when debt obligations of the Bank may be converted into Common Shares, possibly at a conversion rate that is more favourable to the holder of such obligations than the rate applicable to the Preferred Shares Series 44 and the Preferred Shares Series 45, and additional Common Shares or securities ranking in priority to the Common Shares may be issued, thereby causing substantial dilution to holders of Common Shares and the holders of Preferred Shares Series 44 and Preferred Shares Series 45, who will become holders of Common Shares upon an NVCC Automatic Conversion. In addition to any such dilution of the Common Shares issued to the holders of Preferred Shares Series 44 and Preferred Shares Series 45 upon the occurrence of a Trigger Event, if a Bail-In Conversion (as defined in the Prospectus) of Eligible Shares and Liabilities (as defined in the Prospectus) were to occur concurrent with, or following, such Trigger Event, such Common Shares could be further diluted as a result of such Bail-In Conversion.

Circumstances surrounding an NVCC Automatic Conversion and effect on market price

The occurrence of a Trigger Event is a subjective determination by the Superintendent that the conversion of all contingent instruments is reasonably likely to restore or maintain the viability of the Bank. As a result, an NVCC Automatic Conversion may occur in circumstances that are beyond the control of the Bank. Also, even in circumstances where the market expects the Superintendent to cause an NVCC Automatic Conversion, the Superintendent may choose not to take that action. Because of the inherent uncertainty regarding the determination of when an NVCC Automatic Conversion may occur, it will be difficult to predict, when, if at all, the Preferred Shares Series 44 or the Preferred Shares Series 45 will be mandatorily converted into Common Shares. Accordingly, trading behavior in respect of the Preferred Shares Series 44 or the Preferred Shares Series 45 is not necessarily expected to follow trading behavior associated with other types of convertible or exchangeable securities. Any indication, whether real or perceived, that the Bank is trending towards a Trigger Event can be expected to have an adverse

effect on the market price of the Preferred Shares Series 44, the Preferred Shares Series 45 and the Common Shares, whether or not such Trigger Event actually occurs.

No fixed maturity date

Neither Preferred Shares Series 44 nor the Preferred Shares Series 45 have a fixed maturity date and are not redeemable at the option of the holders of Preferred Shares Series 44 or Preferred Shares Series 45, as applicable. The ability of a holder to liquidate its holdings of Preferred Shares Series 44 or Preferred Shares Series 45, as applicable, may be limited.

Redemption by the Bank

The Bank may elect to redeem the Preferred Shares Series 44 or the Preferred Shares Series 45 without the consent of the holders of Preferred Shares Series 44 or Preferred Shares Series 45, as applicable, in the circumstances described under “Details of the Offering – Certain Provisions of the Preferred Shares Series 44 as a Series – Redemption” and “Details of the Offering – Certain Provisions of the Preferred Shares Series 45 as a Series – Redemption”, as applicable.

Reset of dividend rate

The dividend rate in respect of the Preferred Shares Series 44 and Preferred Shares Series 45 will reset every five years and quarterly, respectively. In each case, the new dividend rate is unlikely to be the same as, and may be lower than, the dividend rate for the applicable preceding dividend period.

Automatic conversion into Preferred Shares Series 44 and Preferred Shares Series 45

An investment in the Preferred Shares Series 44 may become an investment in Preferred Shares Series 45 without the consent of the holder in the event of an automatic conversion in the circumstances described under “Details of the Offering – Certain Provisions of the Preferred Shares Series 44 as a Series – Conversion of Preferred Shares Series 44 into Preferred Shares Series 45” above. Upon the automatic conversion of the Preferred Shares Series 44 into Preferred Shares Series 45, the dividend rate on the Preferred Shares Series 45 will be a floating rate that is adjusted quarterly by reference to the T-Bill Rate which may vary from time to time.

The market value of the Preferred Shares Series 44 and the Preferred Shares Series 45 may fluctuate

Prevailing yields on similar securities will affect the market value of Preferred Shares Series 44 and the Preferred Shares Series 45. Assuming all other factors remain unchanged, the market value of the Preferred Shares Series 44 and the Preferred Shares Series 45 will decline as prevailing yields for similar securities rise, and will increase as prevailing yields for similar securities decline. Spreads over the Government of Canada Yield, T-Bill Rate and comparable benchmark rates of interest for similar securities will also affect the market value of the Preferred Shares Series 44 and the Preferred Shares Series 45.

There is no existing public market for the Preferred Shares Series 44 and Preferred Shares Series 45, a market may not develop and purchasers may have to hold their shares indefinitely

There can be no assurance that an active trading market will develop for the Preferred Shares Series 44 after this offering or for the Preferred Shares Series 45 following the issuance of any of those shares, or if developed, that such a market will be sustained at the offering price of the Preferred Shares Series 44 or the issue price of the Preferred Shares Series 45.

Stock market volatility may affect the market price of the Preferred Shares Series 44 and Preferred Shares Series 45 for reasons unrelated to the Bank’s performance.

TRANSFER AGENT AND REGISTRAR

The transfer agent and registrar for the Preferred Shares Series 44 and the Preferred Shares Series 45 and for any Common Shares issued upon an NVCC Automatic Conversion is Computershare Trust Company of Canada at its principal office in Toronto.

LEGAL MATTERS

Legal matters in connection with the issue and sale of the Preferred Shares Series 44 will be passed upon, on behalf of the Bank, by Osler, Hoskin & Harcourt LLP and, on behalf of the Underwriters, by McCarthy Tétrault LLP. As at September 10, 2018, partners and associates of each of Osler, Hoskin & Harcourt LLP and McCarthy Tétrault LLP, collectively, beneficially owned, directly or indirectly, less than 1% of any class of issued and outstanding securities of the Bank or any associates or affiliates of the Bank.
