Annex 2

ROC Taxation

The following is a general description of the principal ROC tax consequences for investors receiving interest or deemed interest in respect of, or disposing of, the Notes and is of a general nature based on the Issuer's understanding of current law and practice. It does not purport to be comprehensive and does not constitute legal or tax advice.

This general description is based upon the law as in effect on the date hereof and that the Notes will be issued, offered, sold and re-sold to professional institutional investors as defined under Paragraph 2, Article 4 of the Financial Consumer Protection Act. This description is subject to change potentially with retroactive effect. Investors should appreciate that, as a result of changing law or practice, the tax consequences may be otherwise than as stated below. Investors should consult their professional advisers on the possible tax consequences of subscribing for, purchasing, holding or selling the Notes.

Interest on the Notes

As the Issuer of the Notes is not an ROC statutory tax withholder, there is no ROC withholding tax on the interest or the deemed interest to be paid on the Notes.

ROC corporate holders must include the interest or the deemed interest receivable under the Notes as part of their taxable income and pay income tax at a flat rate of 20 per cent. (unless the total taxable income for a fiscal year is under NT\$500,000), as they are subject to income tax on their worldwide income on an accrual basis. The alternative minimum tax ("**AMT**") is not applicable.

Sale of the Notes

In general, the sale of corporate bonds or financial bonds is subject to 0.1 per cent. securities transaction tax ("**STT**") on the transaction price. However, Article 2-1 of the Securities Transaction Tax Act prescribes that STT will cease to be levied on the sale of corporate bonds and financial bonds from 1 January 2010 to 31 December 2026. Therefore, the sale of the Notes will be exempt from STT if the sale is conducted on or before 31 December 2026. Starting from 1 January 2027, any sale of the Notes will be subject to STT at 0.1 per cent. of the transaction price, unless otherwise provided by the tax laws that may be in force at that time.

Capital gains generated from the sale of bonds are exempt from income tax. Accordingly, ROC corporate holders are not subject to income tax on any capital gains generated from the sale of the Notes. However, ROC corporate holders should include the capital gains in calculating their basic income for the purpose of calculating their AMT. If the amount of the AMT exceeds the annual income tax calculated pursuant to the Income Basic Tax Act (also known as the AMT Act), the excess becomes the ROC corporate holders' AMT payable. Capital losses, if any, incurred by such holders could be carried over 5 years to offset against capital gains of same category of income for the purposes of calculating their AMT.

Risks associated with delisting of the Notes

Application will be made for the listing of the Notes on the TPEX. No assurances can be given as to whether the Notes will be, or will remain, listing on TPEX. If the Notes fail to or cease to be listed on the TPEX, certain investors may not invest in, or continue to hold or invest in, the Notes.

ROC Settlement and Trading

Investors with a securities book-entry account with a Taiwan securities broker and a foreign currency deposit account with a Taiwan bank, may request the approval of the Taiwan Depository & Clearing Corporation ("**TDCC**") for the settlement of the Notes through the account of the TDCC with Euroclear Bank S.A./N.V. ("**Euroclear**") or Clearstream Banking société anonyme ("**Clearstream, Luxembourg**") and if such approval is granted by the TDCC, the Notes may be cleared and settled. In such circumstances, the TDCC will allocate the respective book-entry interest of such investor in the Notes position to the securities book-entry account designated by such investor in the ROC. The Notes will be traded and settled pursuant to the applicable rules and operating procedures of the TDCC and the TPEX as domestic bonds.

In addition, an investor may apply to TDCC (by filing in a prescribed form) to transfer the Notes in its own account with Euroclear or Clearstream, Luxembourg to the TDCC account with Euroclear or Clearstream, Luxembourg for trading in the ROC or vice versa for trading in markets outside the ROC.

For investors who hold their interest in the Notes through an account opened and held by the TDCC with Euroclear or Clearstream, Luxembourg, distributions of principal and/or interest for the Notes to such investors may be made by payment services banks whose systems are connected to the TDCC to the foreign currency deposit accounts of the investors. Such payment is expected to be made on the second Taiwanese business day following the TDCC's receipt of such payment (due to time difference, the payment is expected to be received by the TDCC one Taiwanese business day after the distribution date). However, when the investors will actually receive such distributions may vary depending upon the daily operations of the Taiwan banks with which the investors has the foreign currency deposit account.
