Caution Regarding Forward-Looking Statements

Bank of Montreal's public communications often include written or oral forward-looking statements. Statements of this type are included in this document, and may be included in other filings with Canadian securities regulators or the U.S. Securities and Exchange Commission, or in other communications. All such statements are made pursuant to the "safe harbor" provisions of, and are intended to be forward-looking statements under, the United States *Private Securities Litigation Reform Act of 1995* and any applicable Canadian securities legislation. Forward-looking statements in this document may include, but are not limited to, statements with respect to our objectives and priorities for fiscal 2024 and beyond, our strategies or future actions, our targets and commitments (including with respect to net zero emissions), expectations for our financial condition, capital position, the regulatory environment in which we operate, the results of, or outlook for, our operations or the Canadian, U.S. and international economies, plans for the combined operations of BMO and Bank of the West and the financial, operational and capital impacts of the transaction, and include statements made by our management. Forward-looking statements are typically identified by words such as "will", "would", "should", "believe", "expect", "anticipate", "project", "intend", "estimate", "plan", "goal", "commit", "target", "may", "might", "schedule", "forecast", "outlook", "timeline", "suggest", "seek" and "could" or negative or grammatical variations thereof.

By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties, both general and specific in nature. There is significant risk that predictions, forecasts, conclusions or projections will not prove to be accurate, that our assumptions may not be correct, and that actual results may differ materially from such predictions, forecasts, conclusions or projections. We caution readers of this document not to place undue reliance on our forward-looking statements, as a number of factors – many of which are beyond our control and the effects of which can be difficult to predict – could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward-looking statements.

The future outcomes that relate to forward-looking statements may be influenced by many factors, including, but not limited to: general economic and market conditions in the countries in which we operate, including labour challenges; the anticipated benefits from acquisitions, including Bank of the West, such as potential synergies and operation efficiencies, are not be realized; changes to our credit ratings; the emergence or continuation of widespread health emergencies or pandemics, and their impact on local, national or international economies, as well as their heightening of certain risks that may affect our future results; cyber and cloud security, including the threat of data breaches, hacking, identity theft and corporate espionage, as well as the possibility of denial of service resulting from efforts targeted at causing system failure and service disruption; technology resiliency; failure of third parties to comply with their obligations to us; political conditions, including changes relating to, or affecting, economic or trade matters; climate change and other environmental and social risks; the Canadian housing market and consumer leverage; inflationary pressures; technological innovation and competition; changes in monetary, fiscal or economic policy; changes in laws, including costs and capital requirements; weak, volatile or illiquid capital or credit markets; the level of competition in the geographic and business areas in which we operate; exposure to, and the resolution of, significant litigation or regulatory matters, our ability to successfully appeal adverse outcomes of such matters and the timing, determination and recovery of amounts related to such matters; the accuracy and completeness of the information we obtain with respect to our customers and counterparties; our ability to execute our strategic plans, complete proposed acquisitions or dispositions and integrate acquisitions, including obtaining regulatory approvals; critical accounting estimates and judgments, and the effects of ch

We caution that the foregoing list is not exhaustive of all possible factors. Other factors and risks could adversely affect our results. For more information, please refer to the discussion in the Risks That May Affect Future Results section, and the sections related to credit and counterparty, market, insurance, liquidity and funding, operational non-financial, legal and regulatory, strategic, environmental and social, and reputation risk in the Enterprise-Wide Risk Management section of BMO's 2023 Annual Report, as updated by quarterly reports, all of which outline certain key factors and risks that may affect our future results. Investors and others should carefully consider these factors and risks, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. We do not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by the organization or on its behalf, except as required by law. The forward-looking information contained in this document is presented for the purpose of assisting shareholders and analysts in understanding our financial position as at and for the periods ended on the dates presented, as well as our strategic priorities and objectives, and may not be appropriate for other purposes. Material economic assumptions underlying the forward-looking statements contained in this document include those set out in the Economic Developments and Outlook section, and the Allowance for Credit Losses section of BMO's 2023 Annual Report, as updated by quarterly reports, as well as overall market conditions and their combined effect on our business, are material factors we consider when determining our strategic priorities and objectives and expectations for our business. Assumptions about our integration plans, the efficiency and duration of integration and the alignment of organizational responsibilities were material factors we considered in estimating pre-tax annualized run rate benefits from

Our Purpose

BOLDLY GROW THE GOOD

For a Thriving Economy

Providing access to capital and valuable financial advice – investing in businesses, supporting home ownership and strengthening the communities we serve, while driving innovation that makes banking easier

♀ For a Sustainable Future

Being our clients' lead partner in the transition to a net zero world, delivering on our commitments to sustainable financing and responsible investing

श्री For an Inclusive Society

Committing to zero barriers to inclusion through investments, financial products and services, and partnerships that remove systemic barriers for under-represented customers, employees and communities – and drive inclusion and equitable growth for everyone

IN BUSINESS AND LIFE

- Launched BMO EMpower™ 2.0, pledging more than US\$40 billion to support organizations in communities across the United States focused on advancing home ownership, growing small businesses, strengthening communities and creating a more equitable society
- Launched the First Home Savings Account (FHSA), a new tax-advantaged registered savings plan that empowers Canadians to invest and save towards the down payment on their first home
- Launched one of the first sustainability-linked deposit offerings in North America and acted as co-lead manager on the government of Canada's Ukraine sovereignty bond, which was recognized as Social Bond of the year by *Environmental Finance*
- Included in Corporate Knights' list of Canada's Best 50 Corporate Citizens, with top-quartile scores in board gender diversity and the representation of visible minorities in our executive leadership – the only Canadian bank named to this listing. We also received a top-quartile Sustainable Revenue score, demonstrating our ongoing commitment to sustainable financing and responsible investing
- Ranked among the most sustainable companies on the Dow Jones Sustainability Indices (DJSI). BMO ranked in the 95th percentile among banks globally and earned the highest possible score in the areas of Environmental Reporting, Social Reporting and Financial Inclusion
- Introduced the BMO for Indigenous Entrepreneurs program, providing Indigenous business owners with greater access to working capital, educational resources and professional partnerships to start up, scale up and accelerate their businesses
- Received a top score on the Disability Equality Index for the eighth consecutive year and named among the Best Places to Work for Disability Inclusion by Disability: IN and the American Association of People with Disabilities (AAPD)
- Continued to drive progress for mental health treatment with a \$5 million donation to the Centre for Addiction and Mental Health to support independent research and help build a research centre; and a \$2 million donation to the Royal Ottawa Health Care Group to support the newly-established BMO Innovative Clinic for Depression

Balance Sheet

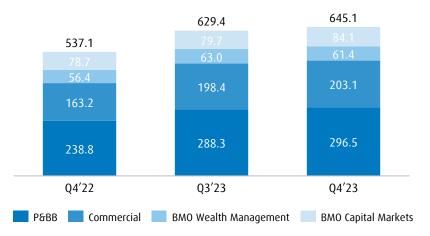

Diversified loan and deposit portfolio, with higher balances Q/Q

- Average gross loans and acceptances up 18% Y/Y due to:
 - 16% growth in Business & government loans driven by Bank of the West and good growth in Canadian P&C, BMO Capital Markets and BMO Wealth Management, partially offset by lower underlying U.S. P&C
 - 20% growth in Consumer loans driven by Bank of the West and mortgage growth in Canadian P&C
- Average gross loans and acceptances up 2% Q/Q, or 1% excluding the impact of the stronger U.S. dollar, with growth in Canadian P&C mortgages and in BMO Capital Markets
 - As-at gross loans and acceptances up 4% Q/Q or 1% excluding the impact of the stronger U.S. dollar
- Average customer deposits¹ up 20% Y/Y, due to Bank of the West and higher balances in Canadian P&C and BMO Capital Markets, partially offset by lower underlying balances in U.S. P&C and BMO Wealth Management
- Average customer deposits up 2% Q/Q, or 1% excluding the impact of the stronger U.S. dollar, driven by higher balances in P&C businesses and BMO Capital Markets, partially offset by lower balances in BMO Wealth Management
 - As-at customer deposits up 4% Q/Q or up 2% excluding the impact of the stronger U.S. dollar

Average Gross Loans and Acceptances (\$B)

Average Customer Deposits (\$B)

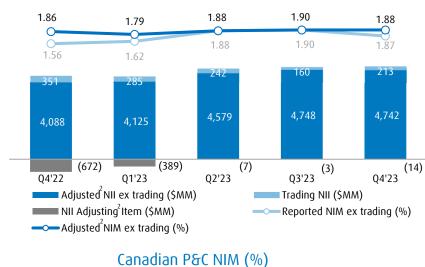

1 Customer deposits are operating and savings deposits, including term investment certificates and retail structured deposits, primarily sourced through our retail, commercial, wealth and corporate banking businesses

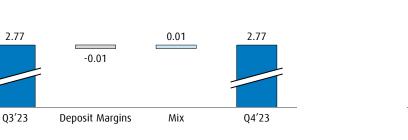

Net Interest Margin¹

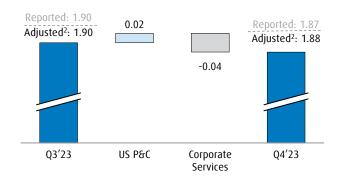

- Total bank ex trading NIM was relatively stable, down 2 bps reflecting continued deposit pricing pressure including rotation to term deposits
- Higher NIM in U.S. P&C, primarily reflecting a one-time conversion adjustment, offset in Corporate Services

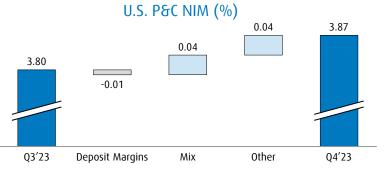

NII (\$MM) and NIM ex. Trading (%)²

NIM ex. Trading $(\%)^2$

1 Net interest margin (NIM) is the ratio of net interest income (NII) to average earning assets, expressed as a percentage or in basis points. Net interest margin excluding trading excludes net interest earned on trading assets. Average earning assets represents the daily average balance of deposits at central banks, deposits with other banks, securities borrowed or purchased under resale agreements, securities and loans 2 Adjusted results and measures are non-GAAP. Q4'23 Adjusting items of \$14MM reduced NIM ex trading by 1 bp. See slide 39 for more information and slide 40 for adjustments to reported results

Good growth in client assets offset by deposit migration and higher expenses

- Adjusted¹ and reported net income down 12% Y/Y •
- Wealth and Asset Management adjusted¹ net income down 3% Y/Y (reported down 4%)
 - Revenue up 8% due to BOTW; underlying performance reflects growth in client assets, partially offset by lower net interest income due to lower balances and margins
 - AUM down 2% and AUA down 4% Q/Q due to weaker global markets and attrition of lower-yielding U.S. institutional assets under administration, partially offset by favourable foreign exchange movements
- Insurance net income down 36% Y/Y due to unfavourable market movements in the current year compared with favourable movements in the prior year

Canadian Mortgage Portfolio: Renewal profile

- The impact of higher interest rates on payments is primarily realized upon renewal for both fixed-rate and variable-rate mortgages
- Variable-rate mortgages with fixed payments are impacted through an extension of amortization until renewal. At renewal, the product reverts to the original amortization schedule, which may require additional payments
- \$29.9B of mortgages in negative amortization, ~62% of total variable-rate mortgages and ~20% of the total portfolio
- Only 11% or \$16.2B in mortgage balances are renewing in the next 12 months, with an average FICO of 790 and LTV of 43%; over 70% of mortgages renew after F2025
- Renewing customers experienced an increase to their regular payments of 22% for variable mortgages and 21% for fixed mortgages in F2023

- 2 Liabilities Cost is calculated as total interest expense as a percentage of average liabilities
 3 Other interest bearing assets balances include deposits with other banks, securities, securities borrowed or purchased under resale agreements and other interest bearing assets. Yield on other interest bearing assets is calculated as interest and dividend income on deposits with other banks, securities, securities borrowed or purchased under resale agreements and other interest bearing assets as a percentage of associated average balances
- 4 Other interest bearing liabilities balances include wholesale funding, securities sold but not yet purchased and securities lent or sold, subordinated debt and other interest bearing liabilities. Cost on other interest bearing liabilities is calculated as interest expense on wholesale funding, securities sold but not yet purchased and securities lent or sold, subordinated debt and other interest bearing liabilities as a percentage of associated average balances

Interest Rate Sensitivity

- Year 1 benefit to an incremental +100bps rate shock decreased modestly 0/0, reflecting a relatively neutral positioning
- Year 2 benefit to rising rates (+100bps) of approximately \$600MM driven by long rates and the continued reinvestment of capital and deposits
- Effective deposit betas remained at elevated levels in Q4, as • customers continued to rotate into higher rate products, both on and off-balance sheet
 - Cumulative effective deposit beta³ for this interest rate cycle has been approximately 53%, comparable to our modeled assumptions

2 Includes Canadian dollar and other currencies

3 Includes impact of deposit rotation out of non-interest bearing into interest bearing, as well as net deposit declines in the U.S.

4 Chart displays historical CORRA swap rates and SOFR swap rates

BMO 🗠

- Term rates increased in Q4'23 to historical highs and continue to be volatile
- Sustained higher long-term investment rates continue to support NIM going forward, providing some offset to increased pricing pressure on deposit products

Non-GAAP and Other Financial Measures

Results and measures in this document are presented on a generally accepted accounting principles (GAAP) basis. Unless otherwise indicated, all amounts are in Canadian dollars and have been derived from our audited annual consolidated financial statements prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board. References to GAAP mean IFRS. We use a number of financial measures to assess our performance, as well as the performance of our operating segments, including amounts, measures and ratios that are presented on a non-GAAP basis. We believe that these non-GAAP amounts, measures and ratios, read together with our GAAP results, provide readers with a better understanding of how management assesses results.

Management considers both reported and adjusted results and measures to be useful in assessing underlying ongoing business performance. Adjusted results and measures remove certain specified items from revenue, non-interest expense and income taxes, as detailed on slide 40. Adjusted results and measures presented in this document are non-GAAP amounts. Presenting results on both a reported basis and an adjusted basis permits readers to assess the impact of certain items on results for the periods presented, and to better assess results excluding those items that may not be reflective of ongoing business performance. As such, the presentation may facilitate readers' analysis of trends. Except as otherwise noted, management's discussion of changes in reported results in this document applies equally to changes in the corresponding adjusted results.

Non-GAAP amounts, measures and ratios do not have standardized meanings under GAAP. They are unlikely to be comparable to similar measures presented by other companies and should not be viewed in isolation from, or as a substitute for, GAAP results.

Examples of non-GAAP amounts, measures or ratios include: efficiency, leverage and PCL ratios and growth rates calculated using revenue presented net of CCPB; pre-provision pre-tax income; tangible common equity; amounts presented net of applicable taxes; adjusted net income, revenues, non-interest expenses, provision for credit losses, earnings per share, ROE, and other adjusted measures which exclude the impact of certain items such as acquisition and integration costs, amortization of acquisition-related intangible assets, impact of divestitures, restructuring costs, management of fair value changes on the purchase of Bank of the West, and initial provision for credit losses on Bank of the West purchased loan portfolio. BMO provides supplemental information on combined operating segments to facilitate comparisons to peers.

Certain information contained in BMO's Management's Discussion and Analysis dated December 1, 2023, for the fiscal year ended October 31, 2023 ("2023 Annual MD&A") is incorporated by reference into this document, including the Summary Quarterly Earnings Trend section in the 2023 Annual MD&A. Quantitative reconciliations of non-GAAP and other financial measures to the most directly comparable financial measures in BMO's financial statements for the period ended October 31, 2023, an explanation of how non-GAAP and other financial measures provide useful information to investors and any additional purposes for which management uses such measures, can be found in the Non-GAAP and Other Financial Measures section of the 2023 Annual MD&A. Further information regarding the composition of our non-GAAP and other financial measures is provided in the Glossary of Financial Terms section of the 2023 Annual MD&A.
