Use of this Document

The supplemental information contained in this package is designed to improve the readers' understanding of the financial performance of BMO Financial Group (the Bank). This information should be used in conjunction with the Bank's First Quarter 2025 Report to Shareholders and the 2024 Annual Report available on the Canadian Securities Administrators' website at www.sedarplus.ca and BMO's website at www.bmo.com/investorrelations.

Additional financial information is also available in the Q1 2025 Supplementary Regulatory Capital Information and the Q1 2025 Investor Presentation which can be accessed at our website at www.bmo.com/investorrelations.

This report is unaudited and all amounts are in millions of Canadian dollars, unless indicated otherwise. Items indicated n.a. were not applicable.

Non-GAAP and Other Financial Measures

Results and measures in this document are presented on a GAAP basis. Unless otherwise indicated, all amounts are in Canadian dollars and have been derived from our audited annual consolidated financial statements, prepared in accordance with International Financial Reporting Standards (IFRS). References to GAAP mean IFRS. We use a number of financial measures to assess our performance, as well as the performance of our operating segments, including amounts, measures and ratios that are presented on a non-GAAP basis, as described below. We believe that these non-GAAP amounts, measures and ratios, read together with our GAAP results, provide readers with a better understanding of how management assesses results.

Non-GAAP amounts, measures and ratios do not have standardized meanings under GAAP. They are unlikely to be comparable to similar measures presented by other companies and should not be viewed in isolation from, or as a substitute for, GAAP results.

Certain information contained in BMO's Management's Discussion and Analysis as at February 24, 2025 for the period ended January 31, 2025 ("First Quarter 2025 Report to Shareholders") is incorporated by reference into this document. Further information regarding the composition of our non-GAAP and other financial measures is provided in the "Glossary of Financial Terms" section of the First Quarter 2025 Report to Shareholders. The First Quarter 2025 Report to Shareholders is available on the Canadian Securities Administrators' website at www.sedarplus.ca and on our website at www.bmo.com/investorrelations.

Our non-GAAP measures broadly fall into the following categories of Adjusted measures and ratios, Tangible common equity and return on tangible common equity:

Adjusted measures and ratios

Management considers both reported and adjusted results and measures useful in assessing underlying ongoing business performance. Adjusted results and measures remove certain specified items from revenue, non-interest expense and income taxes, as detailed on page 2. Adjusted results and measures presented in this document are non-GAAP. Presenting results on both a reported basis and an adjusted basis permits readers to assess the impact of certain items on results for the periods presented, and to better assess results excluding those items that may not be reflective of ongoing business performance. As such, the presentation may facilitate readers' analysis of trends.

Tangible common equity and return on tangible common equity

Tangible common equity is calculated as common shareholders' equity, less goodwill and acquisition-related intangible assets, net of related deferred tax liabilities. Return on tangible common equity is calculated as net income available to common shareholders, adjusted for the amortization of acquisition-related intangible assets, as a percentage of average tangible common equity.

Operating Group Results

BMO reports financial results for its three operating groups, one of which comprises two operating segments, all of which are supported by Corporate Units and Technology and Operations (T&O) within Corporate Services. Operating segment results include allocations from Corporate Services for treasury-related revenue, corporate and T&O costs, and capital.

For more information, see the "How BMO Reports Operating Group Results" section of the 2024 BMO Annual MD&A.

Return on Equity by Operating Segment

Capital is allocated to the operating segments based on the amount of regulatory capital required to support business activities. Our capital allocation rate increased to 12.0% of risk weighted assets effective the first quarter of fiscal 2025 compared with 11.5% in fiscal 2024. Unallocated capital is reported in Corporate Services.

Presenting results on a taxable equivalent basis (teb)

We analyze revenue at the consolidated level based on GAAP revenue as reported in the audited annual consolidated financial statements, rather than on a taxable equivalent basis (teb), which is consistent with our Canadian banking peer group. Like many banks, BMO analyzes revenue on a teb basis at the operating segment level. Revenue and the provision for income taxes in BMO Capital Markets and U.S. Personal and Commercial Banking are increased on tax-exempt securities to an equivalent pre-tax basis in order to facilitate comparisons of income between taxable and tax-exempt sources. The offset to the operating segment teb adjustments is reflected in Corporate Services revenue and provision for (recovery of) income taxes. In fiscal 2024, the Canadian government enacted legislation that, in certain circumstances, deny deductions for dividends that are received after 2023. As a result, beginning January 1, 2024, we did not take the deduction for certain Canadian dividends received by BMO Capital Markets, and as a result, we no longer report this revenue on a taxable equivalent basis.

Changes

Periodically, certain lines of business and units within business lines are reorganized within an operating group or transferred between operating groups and Corporate Services, and allocations of revenue, expenses, provisions for income taxes and capital from Corporate Services to the operating groups are updated to align with current experience. Prior period results and ratios have been reclassified to conform with the current period's presentation.

(1) These are non-GAAP measures and ratios. Refer to the "Non-GAAP and Other Financial Measures" section on page 1 in this document and in BMO's First Quarter 2025 Report to Shareholders for further information.

(2) Beginning the first quarter of 2023, the Bank no longer reports insurance claims, commissions and changes in policy benefit liabilities (CCPB), and non-GAAP measures and metrics net of CCPB, given the adoption and retrospective application of IFRS 17. Fiscal 2023 adjusted operating leverage and revenue growth are calculated using adjusted revenue, net of CCPB. Refer to the "Non-GAAP and Other Financial Measures" section in BMO's 2024 Annual MD&A available on the Canadian Securities Administrators' website at www.sedarplus.ca and BMO's website at www.bmo.com/investorrelations.

(1) Certain assets under management that are also administered by the bank are included in assets under administration.

(2) These are non-GAAP measures and ratios. Refer to the "Non-GAAP and Other Financial Measures" section on page 1 in this document and in BMO's First Quarter 2025 Report to Shareholders for further information. For a reconciliation of reported to adjusted results see the Notes to Users section.

(3) Beginning the first quarter of 2023, the Bank no longer reports insurance claims, commissions and changes in policy benefit liabilities (CCPB), and non-GAAP measures and metrics net of CCPB, given the adoption and retrospective application of IFRS 17.

Fiscal 2023 adjusted operating leverage is calculated using adjusted revenue, net of CCPB. Refer to the "Non-GAAP and Other Financial Measures" section in BMO's 2024 Annual MD&A.

(4) Operating groups have been allocated capital at a higher level in 2025 than in 2024 and 2023 in line with our capital allocation methodology. For further information, refer to Notes to Users section on page 1.

(1) Trading related revenue presented on a taxable equivalent basis (teb) is a non-GAAP measure. Similar to other banks, BMO analyzes trading-related revenue on a taxable equivalent basis (teb) which reflects an increase in net interest income on tax exempt securities to equivalent pre-tax amounts and is useful in facilitating comparisons of income from taxable and tax-exempt sources. For further information, refer to the "Notes to Users" section on page 1 in this document and in BMO's First Quarter 2025 Report to Shareholders for further information.

(2) Other non-interest trading revenue includes the management of fair value changes on the purchase of Bank of the West.

(3) Adjusted results are non-GAAP financial measures. See the "Non-GAAP and Other Financial Measures" section on page 1 for further information.

Trading revenues include interest and other income earned on trading securities and other cash instruments held in trading portfolios, less internal and external funding costs associated with trading-related derivatives and cash instruments, and realized and unrealized gains and losses on trading securities, other cash instruments, derivatives and foreign exchange activities.

Interest rates includes Canadian and other government securities, corporate debt instruments and interest rate and credit derivatives.

Foreign exchange includes foreign exchange spot and foreign exchange derivatives contracts from our wholesale banking business.

Equities includes institutional equities and equity derivatives.

Commodities includes commodity swaps, forwards, and options contracts.

Other includes the impact of hedging exposures in our structural balance sheet, and fair value changes on other non-trading derivatives.

(1) Effective the first quarter of 2024, the Bank adopted IFRS 17 *Insurance Contracts* (IFRS 17). The Bank also voluntarily changed our accounting policy for the measurement of investment properties under IAS 40, *Investment Properties*, from cost to fair value upon IFRS 17 transition. Both changes have been retrospectively applied to fiscal 2023 results. Refer to "Changes in IFRS and Accounting Policies" section in BMO's 2024 Annual Financial Statements available on the Canadian Securities Administrators' website at www.sedarplus.ca and BMO's website at www.bmo.com/investorrelations.

(1) Pledged as collateral refers to the portion of on-balance sheet assets and other cash and securities that are pledged through repurchase agreements, securities lending, derivative contracts, minimum required deposits at central banks, and requirements associated with participation in clearing houses and payment systems. Other encumbered assets include assets that are restricted for legal or other reasons, such as minimum required deposits at central banks, short sales, and certain U.S. agency securities that have been sold to third parties but are consolidated under IFRS.

(2) Other unencumbered assets include select liquid asset holdings that management believes are not readily available to support the Bank's liquidity requirements. These include securities held at the Bank's insurance subsidiary, seller financing securities, and certain investments held at our merchant banking business. Other unencumbered assets also include mortgages and loans that may be securitized to access secured funding.

(3) Loans included in available as collateral represent loans currently lodged at central banks that may be used to access central bank funding. Loans available for pledging as collateral do not include other sources of additional liquidity that may be realized from BMO's loan portfolio, such as incremental securitization, covered bond issuances and FHLB advances.

(4) Under IFRS, NHA mortgage-backed securities that include mortgages owned by the Bank as the underlying collateral are classified as loans. Unencumbered NHA mortgage-backed securities have liquidity value and are included as liquid assets under the Bank's Liquidity and Funding Risk Management Framework. This amount is shown as a separate line item, NHA mortgage-backed securities.
